Agricultural communication is a field that focuses on communication about agriculture-related information among agricultural stakeholders and between agricultural and non-agricultural stakeholders. Agriculture is broadly defined in this discipline to include not only farming, but also food, fiber, animals, rural issues, and natural resources. Agricultural communication is done formally and informally by agricultural extension and is considered related to science communication. However, it has ev

~~Agricultural communication—Wikipedia~~

Need of Agriculture journalism . The farmer to extension worker ratio is very wide, thus public extension system is unable to meet the demand of farmers for information. The mass media is capable of reaching vast widespread audience. Agriculture journalists are providing farmers with latest updates on schemes and technologies.

With reference to India.

Agricultural Extension is the application of scientific research and knowledge to agricultural practices through farmer education. It plays a crucial role in promoting agricultural productivity, increasing food security, improving rural livelihoods, and promoting agriculture for the economic growth of every country. The study of Agricultural Extension as a subject is interwoven with different concepts, facts and figures. The objective of preparing this book is to help the readers to quickly grasp the concepts in a comprehensive, systematic and effective manner. The compilation of this book is mainly to present the relevant concepts being asked in various examinations being conducted by ASRB, ARS, SRF, JRF/NET and other entrance examinations. The concepts under each heading gives an overall idea about different aspects of Agricultural Extension. It gives insights and acts as a quick guide on Agricultural Extension. Moreover, the abbreviations given at the end will give the candidates an overall idea about the questions being asked in competitive examinations. Since efforts were made to compile the reliable information, there may be some important concepts be missing. If so, the readers are welcome to give their valuable suggestions and to point out errors, if any, for improving the quality of the book.
