Learn the secrets of communication that win elections, promotions, and customers, from Roger Ailes, media consultant to Presidents Ronald Reagan and George H.W. Bush, and the founder of Fox News. When you communicate with others, everything that makes you unique comes into play. From your appearance to your voice, from your beliefs to your life experience, you're constantly sending signals about the kind of person you are. All of these signals, such as your facial expressions, your body movements, your vocal pitch, and more, are powerful and important in convincing others of your message. In You Are the Message, Roger Ailes argues that each and every one of us has the tools within us to persuade and influence others. And in this practical, sensible and entertaining book, you'll learn how to present a message so compelling that even your most stubborn detractor will see the merit of your ideas.

Mastering SolidWorks: The Design Approach, Second Edition is entirely updated for SolidWorks 2014 and presents SolidWorks as a design system rather than a software program, using design, modeling, and drafting concepts as the building blocks, instead of focusing on menus and commands. It describes design approaches, methodologies, and techniques to help CAD designers/engineers and draftpersons achieve their engineering tasks in the fastest, easiest, and most effective way. It develops command sequences to achieve CAD and modeling tasks, providing SolidWorks syntax and details. Starting with a CAD task to accomplish, the book then goes about how to accomplish it, motivating students to learn more than simply going through layers of menus and commands. Intended for design courses, the book uses a minimal amount of mathematical concepts, covering basic math in Chapter 8 (Curves), Chapter 9 (Surfaces), and Chapter 13 (Analysis Tools). Intended for design courses, the book uses a minimal amount of mathematical concepts, covering basic math in Chapter 8 (Curves), Chapter 9 (Surfaces), and Chapter 13 (Analysis Tools). • Shows concepts to those who are curious about how CAD/CAM systems work "under the hood." • Broadens the book appeal to many students, professors, and readers. • The coverage of math in chapters 8, 9, and 13 may be ignored without affecting the continuity of the material in those chapters. Step-by-Step instructions help students learn SolidWorks as a design system rather than a software program. • Ample illustrations guide students as they learn. Tutorials offer comprehensive coverage of a full design task. • Each tutorial ends with a hands-on exercise that both challenges the student's understanding and extends it. Examples with Solutions cover a single concept in detail. • Each example offers a hands-on exercise that builds on the previous example, ensuring the student has gone through each example. Each chapter includes challenging modeling and design examples and problems. • The book's unique approach covers the theoretical concepts behind the various functions of SolidWorks. • This sheds light about why things work the way they do, as well as explains their limitations and uses.

These memoirs of the great fellwalker Alfred Wainwright, author of the Pictorial Guides to the Lakeland Fells and many other volumes of walking guides and sketchbooks, are full of his thoughts on life and on his experiences on the fells. Wainwright writes about his boyhood in Blackburn, his work and interests as a young man, and the visit to the Lake District at the age of 23 which kindled in him a lasting passion for the fells. He reveals how he set about researching and compiling the Pictorial Guides, the labour of love which occupied so many years of his life. For walkers and other lovers of the Lakeland fells, this is a great read.

These are perilous times for Americans who need access to the legal system. Too many lawyers blatantly abuse power and trust, engage in reckless ethical misconduct, grossly unjust billing practices, and dishonesty disguised as client protection. All this has undermined the credibility of lawyers and the authority of the legal system. In the court of public opinion, many lawyers these days are guiltier than the criminals or giant corporations they defend. Is the public right? In this eye-opening, incisive book, Richard Zitrin and Carol Langford, two practicing lawyers and distinguished law professors, shine a penetrating light on the question everyone is asking: Why do lawyers behave the way they do? All across the country, lawyers view certain behavior as "ethical" while average citizens judge that same conduct "immoral." Now, with expert analysis of actual cases ranging from murder to class action suits, Zitrin and Langford investigate lawyers' behavior and its impact on our legal system. The result is a stunningly clear-eyed exploration of law as it is practiced in America today--and a cogent, groundbreaking program for legal reform.

Night after night, Jema Shaw's dreams have become a haven for Thierry Durand. But his nocturnal visits have placed her in danger and brought her between two ancient enemies: the Brethren and the Darkyn.

1918. A First World War battlefield becomes the cosmic battleground for two vampires, as Karl von Wultendorf struggles to free himself from his domineering maker, Kristian. 1923. Charlotte Neville watches as her father, a Cambridge professor, fills Parkland Hall with guests for her sister Madeleine's 18th birthday party. Among them is his handsome new research assistant Karl - the man Madeleine has instantly decided will be her husband. Charlotte, shy and retiring, is happy to devote her life to her father and her dull fiance Henry - until she sees Karl ... For Charlotte, it is the beginning of a deadly obsession that sunders her from her sisters, her father and even her dearest friend. As their feverish passion grows, Karl faces the dilemma he fears the most. Only by deserting Charlotte can his passion for her blood be conquered. Only by betraying her can he protect her from the terrifying attentions of Kristian - for Kristian has decided to teach Karl a lesson in power, by devouring Charlotte.

Lately, Some subjects like the veil, Polygamy, and Divorce in Islam have become objects of discussion and dispute upon which the mass media, especially the western ones, shed light. What is the veil, Polygamy, and Divorce in Islam? In this Book: A Dialogue between a Western Orientalist and a Muslim Savant about: - The Verity of the Philosophy of the Veil in Islam - The Importance of Marriage Contract - The Verity of Polygamy in Islam. - The Verity of Divorce in Islam Is it the cover screening only the hair? Or it is the whole cover screening all the body with the face? What is the wisdom behind it? And what are the Qur'anic proofs (verses) that indicate it and decide its nature? O Islam... What is divorce for?! What is more than one wife for?!

The ultimate reference and guide to the GNU image manipulation program GIMP is a free, Photoshop-like image manipulation program, and as its use grows, so does the demand for detailed instruction on how to get the very most out of it. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Dracula... there have been a few changes since the book by that Stoker fellow. He's watched his image besmirched by the media and with the advent of certain technologies has even begun to experience a raw, almost alien new sensation, fear for the future. Dracula, The Reemergence of Vlad! A movie in book form dealing with the enduring legend himself! He's decided on the radical step of reintroducing himself to the world via Hollywood and the magic of movies. This time however, it will be his movie... and his way.

"A rich, sensual, bewitching adventure of good vs. evil with love as the prize." ~Publisher's Weekly on ETERNITY 300 years ago, Raven St. James was hanged for witchcraft. But she revives among the dead to find herself alive. She is an Immortal High Witch, one of the light. A note from her mother warns that there are others, those of the Dark, who preserve their own lives by taking the hearts of those like her. Duncan Wallace's forbidden love for the secretive lass costs him his life. 300 years later, he loves her again, tormented by hazy memories of a past that can't be real. She tells him of another lifetime, claims to be immortal. Though he knows she's deluded, he can't stay away. And the Dark Witch after her heart is far closer than either of them know. If you liked the TV Series HIGHLANDER, you will LOVE this series. Don't miss Book 2, INFINITY. "A hauntingly beautiful story of a love that endures through time itself." ~New York Times Bestselling Author, Kay Hooper "This captivating story of a love that reaches across the centuries, becomes as immortal as the lover's themselves, resonates with timeless passion, powerful magic, and haunting heartbreak." ~BN.com's official review
