The intellectual and social theorist Yukichi Fukuzawa wrote *An Encouragement of Learning* (1872-1876) as a series of pamphlets while completing his critical masterpiece, *An Outline of a Theory of Civilization* (1875). These closely linked texts illustrate the core tenets of his philosophical outlook: freedom and equality as inherent to human nature, independence as the goal of any individual and nation, and the transformation of the Japanese mind as key to advancing in a

rapidly evolving political and cultural world. In these essays, Fukuzawa advocated for the adoption of Western modes of education to help the Japanese people build a modern nation. He also believed that human beings' treatment of one another extended to and was reflected in their government's behavior, echoing the work of John Locke, Thomas Jefferson, and other Western thinkers in a classically structured Eastern text. This volume translates the full text into English and includes a chronology of Japanese history as it relates to Fukuzawa and his work. An introduction provides additional

We all know the factors that can threaten a positive classroom environment: stress from testing, lack of motivation, and problems that students bring from home, for a start. What if we could implement some simple practices to buffer against these factors' negative effects? The good news is that we can. *Encouragement in the Classroom* explores the small yet high-impact changes that teachers can make to transform students' school experience every day. Drawing from positive psychology research, educator Joan Young explains how fostering humor,
