~~An Illustrated Encyclopedia: Uniforms of the Napoleonic~~

Wars by Digby Smith is a very good introductory book on the uniforms and armies of the Napoleonic wars.

Although this book is jam-packed with illustrations it tries to be all things to all people and ends up doing not much well, but those few things are very good.

Of British World War II An Expert Guide To The Uniforms Of Britain America Germany, USSR And Japan Together With Other Axis And Allied Forces

British have about as much coverage as the French, which is surprising, given the lack of uniform variety, other than facings. Being a Napoleonic uniform newbie, I felt rather let down by this book. I do know about other eras and was expecting more from it, but it will serve as a basis to build on. Flags would have been nice too, but there are none.
