Dark, moving and original, a story of family, survival, and getting on with life... Flynn Sinclair understands pack loyalty – for years as his Alpha father's enforcer, he has done things in the name of duty that he can't ever forget. But the vast expanse of Alaska offers him a peace he's never known. Alone, removed from pack life, he can focus on his research and try to forget his life before. But duty has a way of inviting itself in, and Flynn finds himself

doing two reckless things in one week: leaving the safety of Alaska to save his brother Connor's life, and unwittingly falling in love with Evie Thompson, a woman who doesn't deserve to be drawn into his terrifying world. Connor carries news of their father's descent into madness, and it looks like neither geography nor Flynn's attempts at disengagement will put off a confrontation. Flynn had finally begun to believe that he might deserve something good in his life – something like Evie – but to move forward in the light, he must first reconcile with the dark.
