“ Blowback ” is a CIA term first used in March 1954 in a recently declassified report on the 1953 operation to overthrow the government of Mohammed Mossadegh in Iran. It is a metaphor for the ...

Blowback | The Nation

Brad Thor is the #1 New York Times bestselling author of 20 thrillers, including: Near Dark, Backlash, Spymaster, The Last Patriot, Blowback, Foreign Influence, and The Lions of Lucerne.

An explosive account of the resentments American policies are sowing around the world and of the payback that will be our harvest in the twenty-first century. Blowback, a term invented by the CIA, refers to the unintended consequences of American policies. In this sure-to-be-controversial book, Chalmers Johnson lays out in vivid detail the dangers faced by our overextended empire, which insists on projecting its military power to every corner of the earth and using American capital and markets to force global economic integration on its own terms. From a case of rape by U.S. servicemen in Okinawa to our role in Asia's financial crisis, from our early support for Saddam Hussein to our actions in the Balkans, Johnson reveals the ways in which our misguided policies are planting the seeds of future disaster. In the wake of the Cold War, the United States has imprudently expanded the commitments it made over the previous forty years, argues Johnson. In Blowback, he issues a warning we would do well to consider: it is time for our empire to demobilize before our bills come due.

A searing account of a dark “ chapter in U.S. Cold War history . . . to help the anti-Soviet aims of American intelligence and national security agencies ” (Library Journal). Even before the final shots of World War II were fired, another war began—a cold war that pitted the United States against its former ally, the Soviet Union. As the Soviets consolidated power in Eastern Europe, the CIA scrambled to gain the upper hand against new enemies worldwide. To this end, senior officials at the CIA, National Security Council, and other elements of the emerging US national security state turned to thousands of former Nazis, Waffen Secret Service, and Nazi collaborators for propaganda, psychological warfare, and military operations. Many new recruits were clearly responsible for the deaths of countless innocents as part of Adolph Hitler ’ s “ Final Solution, ” yet were whitewashed and claimed to be valuable intelligence assets. Unrepentant mass murderers were secretly accepted into the American fold, their crimes forgotten and forgiven with the willing complicity of the US government. Blowback is the first thorough, scholarly study of the US government ’ s extensive recruitment of Nazis and fascist collaborators right after the war. Although others have approached the topic since, Simpson ’ s book remains the essential starting point. The author demonstrates how this secret policy of collaboration only served to intensify the Cold War and has had lasting detrimental effects on the American government and society that endure to this day.

A weapon designed to decimate the Roman Empire has just become the No.1 threat to the United States. Caught live on Al Jazeera in an off-the-books operation, Scot Harvath's career has been terminated. But when the tide in the War on Terror suddenly turns against the US,

Download Ebook Blowback

the president has no choice but to secretly enlist the help of the man the administration has just fired. Ducking a congressional subpoena, Harvath travels to the Mediterranean, where he learns of a shadowy organization that has been combing the earth for decades in search of the ultimate weapon to use against the USA and her allies. Now, after three summers of record-breaking heat across Europe, one steadily melting Alpine glacier has given up an ancient secret - one with the potential to thrust civilization back into the Dark Ages. From Cyprus, London and Paris, to Italy, Switzerland and Saudi Arabia, Harvath must race against the clock to stop one of the greatest evils ever to face the western world. Look out for the adrenaline-fuelled new Brad Thor novel, *Code of Conduct*, published in July 2015!

Neste livro, Chalmers Johnson apresenta, com vívidos detalhes, os perigos enfrentados pelo império norte-americano, que cresceu excessivamente, e insiste em projetar seu poder militar em cada canto do planeta, usando capital e mercados americanos para forçar uma integração econômica global em seus próprios termos.

Overt CIA ops officer Vanessa Pierson is finally close to capturing the world's most dangerous international nuclear arms dealer: Bhoot, alias the ghost. One of her assets has information about Bhoot's upcoming visit to a secret underground nuclear weapons facility in Iran -- in only a few days. But just as Pierson's informant is about to give her the location, they're ambushed by an expert sniper. Pierson narrowly escapes. Her asset: dead.

From #1 New York Times, #1 Wall Street Journal, and #1 Publishers Weekly bestselling author, Brad Thor, comes *Blowback*. Scot Harvath 's counterterrorism career has just crashed and burned—thanks in part to a ruthless senator with her sights set on the White House. But when the war on terror takes a chilling turn, the president has no choice but to secretly bring Harvath back inside. Deep beneath an Alpine glacier, an ancient weapon designed to decimate the Roman Empire has been unearthed—and a shadowy organization intends to use it for America 's downfall. Racing across Europe, Harvath must secure the ultimate instrument of destruction before it brings the United States and the rest of the world to their knees.

Seven years earlier, France's top chef, Marc Fraysse, summoned the world's culinary press to his remote restaurant in central France to make an announcement that he said would cause shockwaves in the culinary community. Speculating that Fraysse's restaurant was about to lose one of his precious Michelin stars, the reporters were shocked to find instead that the great chef had been murdered. In the end, the media left without a clue about the message the chef intended to deliver or about who might have killed him. Continuing his string of investigations into stubborn cold cases, ex-forensics superstar Enzo Macleod takes on the case, diving into the big business and high stakes of French haute cuisine. Winter has settled in around the mountaintop restaurant, causing complications. And as he learns more about the complex web of relationships that surrounded the celebrated (if also mercurial) chef--a spurned lover, a jealous wife, an estranged brother, an embittered food critic--Macleod begins to see parallels with his own life and loves. In diving into this new case, he finds himself reopening old wounds of his own . . .

Puy-de-Dôme, France. A Silenced Man. Footprints in the snow lead to the murder scene of Marc Fraysse, France's most celebrated chef - brutally shot before he could make the revelation of his career. A Determined Man. Seven years on and the mystery still raw, Enzo
