Study Guides for CAPE have been developed and written by CXC to provide CAPE candidates in schools and colleges with resource materials to help them prepare for their exams. Matching the topics in the syllabus, the student-friendly structure and content enable students to develop their skills and confidence as they approach the examination.

A textbook for 'A' Level computing organised in modular format for new AQA specification.

This textbook provides a global historical perspective on varying themes from the 1400's - 1940's. It encompasses topics such as European rivalries in the Caribbean, revolutions in America and France as well as wars and racism that occurred throughout these 5 centuries.

Computers Are Your Future, Introductory 9 e provides complete technology reference without being overwhelming. Extensive images paired with a definition-driven format supply the reader with a practical approach to computers. Includes chapters on computers and computing, internet, wired and wireless communication, system and application software, networks and privacy. Contains an acronym finder and Concept Tips at the end of each chapter. Ideal for students and professionals seeking a comprehensive computer technology reference

Increasing learner access to information and communication technologies (ICT) in the curriculum is strategically important to ensure that school leavers moving into the labour market or into further study have the appropriate background and capacities to succeed.

The Cape Town Commitment, which arose from The Third Lausanne Congress on World Evangelization (Cape Town, 2010), stands in the historic line of The Lausanne Covenant (1974) and The Manila Manifesto (1989). It has been translated into twenty-five languages and has commanded wide acceptance around the world. The Commitment is set in two parts. Part 1 is a Confession of Faith, crafted in the language of covenantal love. Part 2 is a Call to Action. The local church, mission agencies, special-interest groups, and Christians in the professions are all urged to find their place in its outworking. This annotated bibliography of The Cape Town Commitment, arranged by topic, has been compiled by specialists in a range of fields. As such, it is the first bibliography of its kind. Arranged in sections for graduate-level teaching Equally useful for research students
