educators might address them in the social studies classroom. The authors offer context-specific strategies for the full range of the social studies curriculum, including geography, U.S. history, world history, economics, and government. These practical instructional strategies will effectively engage learners and can be incorporated as a regular part of instruction in any classroom. An annotated list of web and print resources completes the volume, making this a valuable reference to help social studies teachers meet the challenges of including all learners in effective instruction. Features and updates to this new edition include:

- An updated and streamlined Part 1 provides an essential overview of ELL theory in a social studies specific-context.
- "Teaching Tips" offer helpful suggestions and ideas for creating and modifying lesson plans to be inclusive of ELLs.
- Additional practical examples and new pedagogical
