The training on 220-901 will not be transferable enough to succeed at the A+ 220-1001. That is because a 25 - 30% change in exam objectives will scuttle any chances to get an 85% or so score that is required to pass the exam. In this period your training will be the paramount consideration. If, on the other hand during this period, you have not specifically trained for 220-901, then take a long hard look at both exam objectives and just pick one you feel the most comfortable with.
