But we must of every thing examine the end and how it will turn out at the last, for to many God shows but a glimpse ... which lays waste our fields; and we, desiring eagerly to take it, are ...

"Phaenias of Eresus (c. 375 BC) was a member of Aristotle's school, the ""Peripatos"" or ""Lyceum,"" and a friend and compatriot of Aristotle's successor, Theophrastus. Phaenias's scholarly interests stretched from strictly philosophical treatises to chronology and the history of philosophy and poetry; to the lives, fortunes, and manners of death of tyrants; to biographical and historical themes and details of famous Athenians; to botanical and zoological issues; and even entertaining, ""novelistic"" stories and strange reports (Mirabilia). This volume includes new scholarship, with translation of source texts for the writings, thought, and influence of Phaenias (whose name also appears as ""Phanias"" and ""Phainias""), as well as essays that take up various areas of his life and work in greater detail. The chapters of Phaenias of Eresus cover a remarkable range of intellectual areas, which is in keeping with the varied interests of the early Peripatetics in general. Phaenias is thus an ideal model for exploring issues of specialization and differentiation in research in the early Peripatos."

An in depth study of famous American men and women who exhibited tremendous character in their respective eras. Meet Scripture-guided reformers like David Brainard and Sojourner Truth. Don Hawkinson has crafted an amazing book that records the true character and nature of early Americans, from the political, religious, and social justice arenas, includes well-known figures like George Washington, to more "obscure" great Americans like John Witherspoon and Benjamin Rush. Each profile runs 6–12 pages and provides readers/students with concise information for reports and presentations. Hawkinson has come to realize how Christians in American can impact the world for Jesus Christ. Character for Life, An American Heritage is the stories of people who were abandoned to the mission of Jesus Christ. Their love for God and their country should motivate us to not only treasure our "godly heritage" but inspire us to discover our role in the "Great Commission."

The astonishing, Job-like story of how an existence filled with loss, suffering, questioning, and anger became a life filled with shocking and incomprehensible peace and joy. Vaneetha Risner contracted polio as an infant, was misdiagnosed, and lived with widespread paralysis. She lived in and out of the hospital for ten years and, after each stay, would return to a life filled with bullying. When she became a Christian, though, she thought things would get easier, and they did: carefree college days, a dream job in Boston, and an MBA from Stanford where she met and married a classmate. But life unraveled. Again. She had four miscarriages. Her son died because of a doctor's mistake. And Vaneetha was diagnosed with post-polio syndrome, meaning she would likely become a quadriplegic. And then her husband betrayed her and moved out, leaving her to raise two adolescent daughters alone. This was not the abundant life she thought God had promised her. But, as Vaneetha discovered, everything she experienced was designed to draw her closer to Christ as she discovered "that intimacy with God in suffering can be breathtakingly beautiful."

This book is a must read for a curious mind!

Lauded after his death as ‘champion of the English Commonwealth’, but also derided as a ‘most servile wit, and mercenary pen’, the poet, dramatist and historian Thomas May (c.1595–1650) produced the first full translation into English of Lucan’s *Bellum Ciuile* shortly before a ruinous civil war engulfed his own country. Lucan, whose epic had lamented the Roman Republic’s doomed struggle to preserve liberty and inevitable enslavement to the Caesars, and who was forced to commit suicide at the behest of the emperor Nero, was a figure of fascination in early modern Europe. May’s accomplished rendition of his challenging poem marked an important moment in the history of its English reception. This is a modernized edition of the first complete (1627) edition of the translation. It includes prefatory materials, dedications and May’s own historical notes on the text. Besides an introduction contextualising May’s life and work and the key features of his translation, it offers a full commentary to the text highlighting how May responded to contemporary editions and commentaries on Lucan, and explaining points of literary, political, philosophical interest. There is also a detailed glossary and bibliography, and a set of textual notes enumerating the chief differences between the 1627 edition and the others produced in May’s lifetime. This volume aims not just to provide an accessible path into the dense, sometimes provocative poem May shapes from Lucan, but also a broader appreciation of the translator’s literary merits and the role his work plays in the history of the English reception of Roman literature and culture.
