deathly wrong.

Since learning she is the Ruby, the final member of the time-traveling Circle of Twelve, nothing has gone right for Gwen and she holds suspicions about both Count Saint-German and Gideon, but as she uncovers the Circle's secrets she finally learns her own destiny.

The Ruby Red Trilogy: Ruby Red, Sapphire Blue, and Emerald Green This internationally bestselling series follows Gwyneth Shepherd, a girl with a time-traveling secret. Traipsing through past centuries, juggling a potential romance, and unlocking her destiny, Gwen has her work cut out for her. Ruby Red: Gwen has always known that her family is different—the women, in particular. As time travelers, they are no strangers to the possibility of the impossible. But even they aren't expecting it when Gwen shows signs of being a time traveler rather than her cousin Charlotte. Thrust into a world she should have been excluded from, Gwen is introduced to Gideon, a fellow traveler. Although the two don't get along, something other than annoyance might be brewing under the surface. As Gwen masters her new ability, she learns more about herself than she ever could have imagined. Sapphire Blue: Gwen has joined the ranks of the Circle of Twelve, a secret society of chosen time travelers. As the Ruby, Gwen is tasked with finding travelers in the past, all while delving into prophecies and trying to read the mixed signals that Gideon, the Diamond of the Circle, has been sending. With the help of her best friend, a ghost, and a gargoyle demon, Gwen seeks to unearth the truth behind the Circle—a truth that has been actively hidden from her. Emerald Green: Crushed to learn that Gideon may have been deceiving her all along, Gwen has to move forward nonetheless. She has more than enough on her plate: her

distrust of Count Saint-Germain, founder of the Circle of Twelve, who wants Gwen to finish collecting blood from the other chosen travelers; the chronograph, a device which will close the Circle if she succeeds; and the resistance she meets at every turn as she seeks more knowledge. With much more to be revealed, Gwen must race against the clock to fulfill her destiny—before it's too late. Includes bonus chapters from Kerstin Gier *Dream a Little Dream!*

“Compelling, imaginative, and unique. I couldn’t turn the pages fast enough!” — Mary Lindsey, author of *Haven Perfection* comes at a price. As soon as the government passed legislation allowing humans to be genetically engineered and sold as pets, the rich and powerful rushed to own beautiful girls like Ella. Trained from birth to be graceful, demure, and above all, perfect, these "family companions" enter their masters' homes prepared to live a life of idle luxury. Ella is happy with her new role as playmate for a congressman's bubbly young daughter, but she doesn't expect Penn, the congressman's handsome and rebellious son. He's the only person who sees beyond the perfect exterior to the girl within. Falling for him goes against every rule she knows...and the freedom she finds with him is intoxicating. But when Ella is kidnapped and thrust into the dark underworld lurking beneath her pampered life, she's faced with an unthinkable choice. Because the only thing more dangerous than staying with Penn's family is leaving...and if she's unsuccessful, she'll face a fate far worse than death. For fans of Keira Cass's *Selection* series and Lauren DeStefano's *Chemical Garden* series, *Perfected* by Kate Jarvik Birch is a chilling look at what it means to be human, and a stunning celebration of the power of love to set us free, wrapped in a glamorous—and dangerous—bow. The *Perfected* series is best enjoyed in order. Reading Order:

Book 1 in the New York Times bestselling trilogy, perfect for fans of Battlestar Gallactica and Passengers! WHAT DOES IT TAKE TO SURVIVE ABOARD A SPACESHIP FUELED BY LIES? Amy is a cryogenically frozen passenger aboard the spaceship Godspeed. She has left her boyfriend, friends--and planet--behind to join her parents as a member of Project Ark Ship. Amy and her parents believe they will wake on a new planet, Centauri-Earth, three hundred years in the future. But fifty years before Godspeed's scheduled landing, cryo chamber 42 is mysteriously unplugged, and Amy is violently woken from her frozen slumber. Someone tried to murder her. Now, Amy is caught inside an enclosed world where nothing makes sense. Godspeed's 2,312 passengers have forfeited all control to Eldest, a tyrannical and frightening leader. And Elder, Eldest's rebellious teenage heir, is both fascinated with Amy and eager to discover whether he has what it takes to lead. Amy desperately wants to trust Elder. But should she put her faith in a boy who has never seen life outside the ship's cold metal walls? All Amy knows is that she and Elder must race to unlock Godspeed's hidden secrets before whoever woke her tries to kill again.

When young lovers Amy and Elder and the other passengers of the spaceship Godspeed finally land on Centauri-Earth and start to colonize the new world, they encounter pterodactyl-like monsters and the threat of unseen aliens.

“We speak of a mother’s love, but we forget her power.” Civilization has come to the alien, sunless planet its inhabitants call Eden. Just a few generations ago, the planet’s five hundred inhabitants huddled together in the light and warmth of the Forest’s lantern trees, afraid to venture

out into the cold darkness around them. Now, humanity has spread across Eden, and two kingdoms have emerged. Both are sustained by violence and dominated by men – and both claim to be the favored children of Gela, the woman who came to Eden long ago on a boat that could cross the stars, and became the mother of them all. When young Starlight Brooking meets a handsome and powerful man from across Worldpool, she believes he will offer an outlet for her ambition and energy. But she has no inkling that she will become a stand-in for Gela herself, and wear Gela’s fabled ring on her own finger—or that in this role, powerful and powerless all at once, she will try to change the course of Eden’s history.

Jubilee Chase and Flynn Cormac should never have met. Lee is captain of the forces sent to Avon to crush the terraformed planet's rebellious colonists, but she has her own reasons for hating the insurgents. Rebellion is in Flynn's blood. His sister died in the original uprising against the powerful corporate conglomerate that rules Avon with an iron fist. These corporations make their fortune by terraforming uninhabitable planets across the universe and recruiting colonists to make the planets livable, with the promise of a better life for their children. But they never fulfilled their promise on Avon, and decades later, Flynn is leading the rebellion. Desperate for any advantage against the military occupying his home, Flynn does the only thing that makes sense when he and Lee cross paths: he returns to base with her as prisoner. But as his fellow rebels prepare to execute this tough-talking girl with nerves of steel, Flynn makes another choice that will change him forever. He and Lee escape base together, caught between two sides in a senseless war. The stunning second novel in the Starbound trilogy is an unforgettable story of love and forgiveness in a world torn apart by war.

A marooned outpost of humanity struggles to survive on a startlingly alien world.

Ruth McClintock is obsessed with the past. For nearly a decade, she has been studying Annie Oakley, convinced that the legendary sharpshooter experienced a scarring event in childhood that led her to fight for the right of every American woman to own and operate a gun. This fruitless search has cost Ruth her doctorate, a book deal, and her fiance. But Ruth may finally have the evidence she is looking for. She has managed to hunt down a journal purporting to be a 'true account' of Oakley's midlife struggles, including secret visits to a psychoanalyst and the desire for vengeance against the 'Wolves,' or those who have wronged her.
