ISACA just recently released the 26th Edition of the CISA Review Manual to recognize and map to the new task/knowledge statements which can about as a result of ISACA's job practice analysis. This analysis will be reflected in the exam offered in June 2016. While the domains remain the same there is

different emphasis for them. Domain 1, The Process of Auditing Information Systems went from ...

Essential CISA has been written with a single goal in mind - to present the CISA material in a way that is easy to absorb without leaving any content behind. Plenty of examples are included to drive the points home so that when it comes time to take the CISA exam, you are ready! This exam guide covers all five ISACA domains, including: * The Process of Auditing Information Systems * Governance and Management of IT * Information Systems Acquisition, Development and Implementation * Information Systems Operations, Maintenance and Service Management * Protection of Information Assets Over 250 exam text questions are included. Instead of presenting both technical details and auditing information at the same time, Essential CISA breaks the topics down into their own chapters. This means that you have a firm grounding in the technical details before diving into how to audit the various areas. This book is also available as an audio book read by the author.

Demand for qualified and certified information systems (IS) auditors has increased dramatically since the adoption of the Sarbanes-Oxley Act in 2002. Now you can prepare for CISA certification, the one certification designed specifically for IS auditors, and improve your job skills with this valuable book. Not only will you get the valuable preparation you need for the CISA exam, you'll also find practical information to prepare you for the real world. This invaluable guide contains: Authoritative coverage of all CISA exam objectives, including: The IS Audit Process. IT Governance. Systems and Infrastructure Lifecycle Management. IT Service Delivery and Support. Protection of Information Assets. Disaster Recovery and Business Continuity. Practical information that will prepare you for the real world such as: Secrets of successful auditing. Government regulations at a glance. Incident handling checklist. Scenarios providing insight into professional audit systems and controls. Additional exam and career preparation tools such as: Challenging chapter review questions. A glossary of terms. Tips on preparing for exam day. Information on related certifications. A free CD-ROM with: Advanced testing software with challenging chapter review questions plus bonus practice exams so you can test your knowledge. Flashcards that run on your PC, Pocket PC, or Palm handheld. The entire book in searchable and printable PDF.

After launch of Hemang Doshi's CISA Video series, there was huge demand for simplified text version for CISA Studies. This book has been designed on the basis of official resources of ISACA with more simplified and lucid language and explanation. Book has been designed considering following objectives: * CISA aspirants with non-technical background can easily grasp the subject. * Use of SmartArts to review topics at the shortest possible time. * Topics have been profusely illustrated with diagrams and examples to make the concept more practical and simple. * To get good score in CISA, 2 things are very important. One is to understand the concept and second is how to deal with same in exam. This book takes care of both the aspects. * Topics are aligned as per official CISA Review Manual. This book can be used to supplement CRM. * Questions, Answers & Explanations (QAE) are available for each topic for better understanding. QAEs are designed as per actual exam pattern. * Book contains last minute revision for each topic. * Book is designed as per exam perspective. We have purposefully avoided certain topics which have nil or negligible weightage in cisa exam. To cover entire syllabus, it is highly recommended to study CRM. * We will feel immensely rewarded if CISA aspirants find this book helpful in achieving grand success in academic as well as professional world.
