A New Handbook of Literary Terms offers a lively, informative guide to words and concepts that every student of literature needs to know. Mikics' s definitions are essayistic, witty, learned, and always a pleasure to read. They sketch the derivation and history of each term, including especially lucid explanations of verse forms and providing a firm sense of literary periods and movements from classicism to postmodernism. The Handbook also supplies a helpful map to the intricate and at times confusing terrain of literary theory at the beginning of the twenty-first century: the author has designated a series of terms, from New Criticism to queer theory, that serves as a concise but thorough introduction to recent developments in literary study. Mikics' s Handbook is ideal for classroom use at all levels, from freshman to graduate. Instructors can assign individual entries, many of which are well-shaped essays in their own right. Useful bibliographical suggestions are given at the end of most entries. The Handbook' s enjoyable style and thoughtful perspective will encourage students to browse and learn more. Every reader of literature will want to own this compact, delightfully written guide.

A series of brief essays defining and illustrating literary terms in alphabetical sequence.

The classic study of human nature which depicts the degeneration of a group of schoolboys marooned on a desert island.

A cloth bag containing 20 paperback copies of the title that may also include a folder with sign out sheets.
