Dealing with the unthinkable It's never going to be you. Then one day you hear the clatter of automatic fire at the mall. You have been drawn into the chaos and terror of an active shooter event. What do you do? Who do you turn to? Be a Hero is the essential guide to terrorist attacks that will help you survive. Former Special Air Service terror expert John Geddes will explain how to cope with a life-threatening event. He shows you how to make clear decisions and beat the odds by: Dealing with fear through simple and effective techniques to bring the chemical urges generated by terror at least partially under control Escaping and evading when possible, using everyday objects and landmarks for protection Fighting back if needed, with methods to disarm an active shooter and to use items at hand as weapons Using a weapon if you are licensed to carry, shooting to kill without collateral damage or being mistaken for a perpetrator Providing medical assistance to deal with traumatic battlefield injury and save lives This is not a book primarily for survivalists and 'preppers.' Be a Hero is a book for ordinary men and women who could find themselves in the middle of an extraordinary moment. It will help them find the hero inside-and live to tell the tale.

Prince Liam. Prince Frederic. Prince Duncan. Prince Gustav. You've never heard of them, have you? These are the princes who saved Sleeping Beauty, Cinderella, Snow White, and Rapunzel, respectively, and yet, thanks to those lousy bards who wrote the tales, you likely know them only as Prince Charming. But all of this is about to change. Rejected by their princesses and cast out of their castles, the princes stumble upon an evil plot that could endanger each of their kingdoms. Now it's up to them to triumph over their various shortcomings, take on trolls, bandits, dragons, witches, and other assorted terrors, and become the heroes no one ever thought they could be. Christopher Healy's Hero's Guide to Saving Your Kingdom is a completely original take on the world of fairy tales, the truth about what happens after "happily ever after." It's a must-have for middle grade readers who enjoy their fantasy adventures mixed with the humor of the Diary of a Wimpy Kid books. Witty black-and-white drawings by Todd Harris add to the fun.
