If you believe some news stories, the latest iPad update (iOS 9) is radically different and you should beware of updating! They're wrong! This book is for both new users of iPad and those upgrading to the latest update. I'll walk you through the changes and show you why updating is nothing to be afraid of. The iPad doesn't come with a handbook / user guide, but don't believe other handbooks that tell you that's why you need to buy their handbook! iPad does have a handbook! So why do you need this book? This book was written for my parents; people who needed to know as much as possible, as quickly as possible. There are people who want to know every single little detail about the iPad, and you will find that in Apple's comprehensive manual; but if you are like my parents-new to the iPad and just want to learn all the basics in about 30 minutes or an hour, then this guide will help you-people who just want to know how to add their contacts, take photos, and email. It's not for advance users, although if you are upgrading from the previous Apple iOS (iOS 8) you will probably find it useful. If you are ready to learn, then read on!

A Comprehensive User Guide to Apple iPad Mini 5The iPad mini 2019 is Apple's most complete iPad, and it's deceptively powerful for its small size. It has a bright 7.9-inch display that works with the Apple Pencil and a chipset that smokes the small tablet competition.It's Apple's most satisfyingly iPad and proof that things won't change very much when serious small tablet competition is nowhere to be found in 2020.The familiar 7.9-inch display feels perfectly sized to grip in one hand and operate with two, just as it did when the iPad mini 4 released nearly four years ago.There are many other factors that make up the overall goodness of the iPad Mini 5. We got a chance at handling the device and we are presenting our User Guide to help you maximize your iPad Mini 5.This book is written in simple and clear terms with a step-by-step approach and with tips and tricks that will help you to master your iPad Mini 5 within the shortest period of time. My parents are official iPad users. I began writing this book when I realized that they could check Facebook, but didn't have the faintest idea how to make the text size bigger on Safari and a number of other things that I thought were common sense after using the phone for a day. I decided to make a list for them, and this book is a result of that.If you have been using Apple products for several years, then this book will probably have a few tricks that you didn't know-especially if you are upgrading to the new OS (iOS 6). The book, however, is geared towards those getting started.This book is meant to be a quick start reference. It's not a tutorial on how to use your iPad Mini. If you are looking for something that is more hands on and teaches you how to use the iPad Mini, try the one that came with your iPad Mini (Hint: Open Safari, go to Bookmarks and tap the link to the User Guide). Additionally, if you'd like to just see what significant things have been added to iOS 6 then jump to the last section which is just for your reference and does not count towards the 50+ tips in this short guide.Note: The iPad Mini contains the same features you see on other iPad's, so these tips apply across all devices running iOS 6 (aside from Siri, which the iPad 2 is not currently supporting)-most also will work with older iPad's and the iPhone.
