The Jaguar XJ (XJ40) is a full-size luxury sedan manufactured by Jaguar Cars between 1986 and 1994. It was officially unveiled on 8 October 1986 as an all-new, second generation of the XJ to replace the Series III, although the two model ranges were sold concurrently until the Series III was discontinued in 1992.

This unique book will help you work through the long list of XJ variants to choose the one that best suits your budget and intended use. Full of practical first-hand tips and pictures to guide even a novice through all the stages of becoming a Jaguar or Daimler saloon owner. Packed with 100 new detail pictures, and with a unique points system to assess the condition of potential purchases, this book is a must for any potential XJ6 owner.

Consumer guides & advice.

This is the essential guide to all Jaguar XJ models from 2003 to 2009. An important read for any potential owner, but also a constant reference guide to keep with you when viewing a car. It will help you identify the model that suits you, what to look for when inspecting a car, and will provide you with all the necessary procedures to ensure the car is actually what it appears to be. It will identify some of the pitfalls to avoid, help you decide on exactly how to buy – from a dealer, private sale, or auction – and how to get the best possible car for your money. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial} The X350s are the last with what many would call ‘traditional Jaguar’ styling, yet they embody many technological advances. Therefore it is even more important to study the subject closely and inspect cars thoroughly before purchase. This book is the perfect pocket guide for that purpose.

Jaguars epitomize the very best in traditional British automobiles, and the XJ series is one of the most popular and well regarded models. Original Jaguar XJ is the ultimate companion to these cars. For the restorer, collector, or enthusiast interested in the correctness and originality of a classic XJ, this book is essential. The major and minor design changes, production details, mechanics, accessories, and more are explained in meticulous detail.

The coachbuilding era ran from around the beginning of the 20th century, when it evolved from the world of the horse-drawn carriage, to the 1950s. By then, the introduction of integral construction, and the decline in purchasing power of the customers for custom-built cars, ended the tradition. This volume
