A criminal case may be decided in a civil court if that court is a secular rather than a religious one or is the court of a continental legal system, such as that of France. But a civil court in the first sense, such as the Chancery Division of the High Court, is not going to hold a murder trial; instead, such a case would be heard in a criminal court, eg the Crown Court.

definition of English legal
system~~

It originated during the reign of King Henry II (1154-89), when many local customary laws were replaced by new national ones, which applied to all and were thus "common to all".
