When Alice follows a strange rabbit down a rabbit hole and passes through a looking glass, she experiences curious sensations and encounters the Mad Hatter, the fiendish Queen of Hearts, and many other odd characters.

In 1862 Charles Lutwidge Dodgson, a shy Oxford mathematician with a stammer, created a story about a little girl tumbling down a rabbit hole. Thus began the immortal adventures of Alice, perhaps the most popular heroine in English literature. Matte Cover 8.5x11' Can be used as a coloring book

When Jennifer Kajiwarra was a rookie agent, well before she became Amazing Agent Luna's no-nonsense handler known as "Control," she excelled in her freshmen year at the Agency. Unfortunately, her first field mission did not go as planned. When an important political figure is assassinated, Jennifer and her team become fugitives in the rogue state of Bruckenstein. Determined to learn the truth about the murder, Jennifer discovers that she may have been betrayed by someone close to her-and even worse, there is a conspiracy that goes deeper than she ever imagined. In a game of love and espionage, Jennifer will be forced to question everything she believes to be true. The answers she finds lead to an ultimate showdown that will either break her or turn her into a master agent.

Seven Seas is proud to present this collection of princess stories drawn from the world's storytelling traditions. These timeless stories have

been retold and reinvented over and over throughout the years, in books, movies, and animation. For many readers, this volume will be an introduction to the stories in their original form, as told by the Brothers Grimm, Hans Christian Andersen, and others. From the familiar to the obscure, these fifteen classic stories are a gateway into a world of magic, danger, and romance. The book includes classics like "Cinderella" and "Sleeping Beauty" and lesser-known tales like "Snow White and Rose Red" and "The Twelve Dancing Princesses." Each story features a princess, or a girl who becomes a princess through her kindness, determination, or compassion. New manga-style illustrations from Shiei, illustrator of Seven Seas' edition of *Pride and Prejudice* add to the enchantment of this beautiful collection. The following stories are included in this edition: Beauty and the Beast Cinderella, or the Little Glass Slipper The Sleeping Beauty in the Wood Rapunzel Snowdrop Snow-White and Rose-Red The Frog-Prince Rumpelstiltskin The Twelve Dancing Princesses The Princess and the Pea Little Thumbelina The Little Mermaid The Snow Queen The Tale of Princess Kaguya Aladdin and the Wonderful Lamp

The surprisingly hopeful story of how a straight, nonpromiscuous, everyday girl contracted HIV and how she manages to stay upbeat, inspired, and more positive about life than ever before At nineteen years of age, Marvelyn Brown was lying in a stark white hospital bed at Tennessee Christian Medical Center, feeling hopeless. A former top track and basketball athlete, she was in the best shape of her life, but she was battling a sudden illness in the intensive care unit. Doctors had no idea what was going on. It never occurred to Brown that she might be HIV positive. Having unprotected sex with her Prince Charming had set into swift motion a set of circumstances that not only landed her in the fight of her life, but also alienated her from her community. Rather than give up, however, Brown found a reason to fight and a reason to live. *The Naked Truth* is an inspirational memoir that shares how an everyday teen refused to give up on herself, even as others would forsake her. More, it's a cautionary tale that every parent, guidance counselor, and young adult should read.

Delves into the world of teenagers--from their cars to their tech-centric habits--to encourage readers to support environmental causes through a wealth of facts, true-life stories, and practical suggestions from MySpace friends.

A beautiful, full-color edition of Lewis Carroll's immortal Alice books, featuring John Tenniel's original illustrations (all 92, including 35 in color) for *Alice's Adventures in Wonderland* and *Through the Looking-Glass*. Also includes Carroll's long nonsense poem *The Hunting of the Snark*, with Henry Holiday's original artw

Bringing together normative and instrumental CSR conceptualizations, practice based examples and international case studies, this edited volume brings together important contributions on the conceptualizations of CSR post financial crisis. Including coverage of a variety of practices in developing and developed contexts, industry-specific activities, business ethics and sustainable development issues, *Corporate Social Responsibility in the Post-Financial Crisis* brings together a variety of perspectives to provide knowledge and understanding across contexts.

Johann David Wyss's tale of shipwreck has been captivating readers for generations. *The Short Tales Classic* brings the Swiss family Robinson's courageous journey to their island to life for even the youngest audience. Blue level for transitional readers.

320 page omnibus spin-off straight from the pages of *Amazing Agent Luna* Before Luna's hard-as-nails boss known simply as "Control" ever became a control agent, Jennifer Kajiwara was once a rookie herself. From Jennifer's freshman year in the Agency as a late teen, through her struggles with her parents and her grueling training, to her first dangerous mission as a field agent (and first big romance!), being a young secret agent is never easy. Jennifer must learn the hard way how to play the deadly spy games that make her such a competent control agent years hence, as she becomes embroiled in a secret war full of intrigue, betrayal and deadly consequences. This is the first volume of a two-volume spin-off that will tie directly into events in future volumes of *Amazing Agent Luna*.
