sociology is interpretation. Interpretive sociology is the study of society that focuses on the meanings people attach to their social world. 2. The interpretive sociologist ' s job is not just to observe what people do but to share in their world of meaning and come to appreciate why they act as they do. C. Critical Sociology. 1.

For courses in Social Problems Frame social problems, and identify solutions, through the lens of politics Revel(TM) Social Problems focuses on how people construct problems, and how they develop potential solutions, based on their political attitudes. Analyzing issues from liberal, radical-left, conservative, and libertarian points of view. author John Macionis encourages students to develop their own positions, and helps them attain the knowledge they need to engage in solving social problems through activism and political discussion. In addition to coverage of contemporary topics and updated data, the 8th Edition offers a new chapter focused on social media and a revised chapter on sexuality that better explores how sexuality is linked to social stratification. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: This Revel Combo Access pack includes a Revel access code plus a loose-leaf print reference (delivered by mail) to complement your Revel experience. In addition to this access code, you will need a course invite link, provided by your instructor, to register for and use Revel.

Note: If you are purchasing an electronic version, MySocLab does not come automatically packaged with it. To purchase MySocLab, please visit www.mysoclab.com or you can purchase a package of the physical text and MySocLab by searching for ISBN 10: 0133156591 / ISBN 13: 9780133156591. The acclaimed gold standard of comprehensive introductory sociology texts, Sociology empowers students to apply the theories of sociology to their own lives. In 24 chapters, it provides students with an accessible and relevant introduction to the subject while providing a clear and balanced presentation of theory, cultivation of a global perspective and multicultural view. The new Eighth Canadian edition has been revamped with many fresh ideas, new features, and innovative teaching tools. Featuring a newly integrated architecture based on Bloom ' s Taxonomy and a newly designed MySocLab, this edition will help build student ' s critical thinking skills while helping them learn the fundamentals of sociology.

A consistent best-seller, the wide-ranging and authoritative Dictionary of Sociology was first published in 1994 and contains more than 2,500 entries on the terminology, methods, concepts, and thinkers in the field, as well as from the related fields of psychology, economics, anthropology, philosophy, and political science. For this fourth edition, Professor John Scott has conducted a thorough review of all entries to ensure that they are concise, focused, and up to date. Revisions reflect current intellectual debates and social conditions, particularly in relation to global and multi-cultural issues. New entries cover relevant contemporary concepts, such as climate change, social media, terrorism, and intersectionality, as well as key living sociologists. This Dictionary is both an invaluable introduction to sociology for beginners, and an essential source of reference for more advanced students and teachers.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Frame social problems, and identify solutions, through the lens of politics. Always controversial, and ever more polarizing in today ' s political climate, social problems take up a huge chunk of our cultural bandwidth. Rather than simply presenting social problems as a series of facts, the sixth edition of Social Problems focuses on how people construct problems, and how they develop potential solutions, based on their political attitudes. Analyzing issues from liberal, radical-left, conservative, and libertarian points of view, author John Macionis explains why people disagree about what the problems are, and how one person ' s " problem " may well be another ' s " solution. " Once you understand how social problems are defined politically, you'll be able to engage your own positions, and you'll have the knowledge you need to engage in solving social problems through activism and political discussion

"A comprehensive introduction to urban sociology" "Cities and Urban Life," written by two of the best-known authors in the field, provides a comprehensive introduction to urban sociology, urban anthropology and urban studies. The focus of the text is sociological, but it also incorporates research and theory from other disciplines. Learning Goals Upon completing this book, readers will be able to: Understand how cities and urban life vary according to time and place Understand how cities reflect society and culture Use a global perspective to explore urban sociology Explore how cities reflect the human condition Note: MySearchLab with eText does not come automatically packaged with this text. To purchase MySearchLab, please visit: www.mysearchlab.com or you can purchase a valuepack of the text + MySearchLab (at no additional cost): ValuePack ISBN-10: 0205902588 / ValuePack ISBN-13: 9780205902583

A comprehensive and cross-cultural look at the sociology of education. The text integrates important and diverse topics in the field by showing how they are related. The Sociology of Education: A Systematic Analysis provides a sociological analysis of education using several theoretical approaches. The authors include practical applications and current educational issues to discuss the structure and processes that make education systems work. Learning Goals Upon completing this book, readers should be able to: Learn diverse theoretical approaches in the sociology of education Assess important current or emerging topics, including higher education, informal education (" climate " and the " hidden curriculum "), the school environment, education around the world, and educational movements and alternatives Understand how change takes place and what role sociologists play Become involved with educational systems where they can put to use the knowledge available in textbooks
