Event Studies is the only book devoted to developing knowledge and theory about planned events. It focuses on event planning and management, outcomes, the experience of events and the meanings attached to them, the dynamic processes shaping events and why people attend them. This title draws from a large number of foundation disciplines and closely related professional fields, to foster interdisciplinary theory focused on planned events. It brings together important discourses on events including event management, event tourism, and the study of events within various disciplines that are able to shed light on the roles, importance and impacts of events in society and culture. New to this edition: New sections on social and intangible influences, consumer psychology and legal environment, planning and policy framework to reflect recent developments in the field Extended coverage of philosophy and research methods and how they can best be used in event studies; social media as a marketing tool; and the class and cultural influences of events New and additional case studies throughout the book from a wide range of international events Companion website to include PowerPoint slides and updated Instructor`s Manual including suggested lecture outlines and sequence, quizzes per chapter and essay questions.

Tourism can take many different forms and types but increasingly it is viewed as one of the most innovative industries. This book showcases the innovations in tourism through a creativity, sustainability and technology perspective. Tourism Innovation: Technology, Sustainability and Creativity addresses the growing use and importance of tourism innovation in society. Readers of this book will gain a global perspective on how the tourism industry is changing and taking advantage of emerging technologies, which will help them to foresee potential changes in the industry and plan for the future. Tourism innovation is defi ned as innovating in a cost-effi cient manner by taking into account the available resources. Most of the focus on tourism innovation has been on developing countries but it is also used by companies in other locations. This book explores the way in which tourism innovation differs from other types of innovation and offers a creative solution to issues about sustainability and the circular economy. In this vein, it includes chapters addressing issues related to the following but not limited subjects: co-creation in innovation, social issues in innovation, leadership and innovation, forms of innovation, government innovation and innovation research. This book is suitable for tourism industry professionals, researchers and policy experts who are interested in how innovation is embedded in the tourism industry.

Tourism Management: managing for change is a complete synthesis of tourism, from its beginnings through to the major impacts it has on today's global community, the environment and economy. Provocative and stimulating, it challenges the conventional thinking and generates reflection, thought and debate. This bestselling book is now in its third edition and has been fully revised and updated to include complete set of brand new case studies, a new four colour page design to enhance learning and improved online companion resources packed with must have information to assist in learning and teaching. Tourism Management covers the fundamentals of tourism, introducing the following key concepts: • The development of tourism • Tourism supply and demand • Sectors involved: transport, accommodation, government • The future of tourism: including forecasting and future issues affecting the global nature of tourism In a user-friendly, handbook style, each chapter covers the material required for at least one lecture within a degree level course. Written in a jargon-free and engaging style, this is the ultimate student-friendly text, and a vital introduction to this exciting, ever-changing area of study. The text is also accompanied by a companion website packed with extra resources for both students and lecturers, including learning outcomes for each chapter, multiple choice questions, links to sample chapters of related titles and journal articles for further reading, as well as downloadable PowerPoint materials ad illustrations from the text. Accredited lecturers can request access to download additional material by going to <http://textbooks.elsevier.com> to request access.

This handbook consists of 19 chapters that critically review mainstream hospitality marketing research topics and set directions for future research efforts. Internationally recognized leading researchers provide thorough reviews and discussions, reviewing hospitality marketing research by topic, as well as illustrating how theories and concepts can be applied in the hospitality industry. The depth and coverage of each topic is unprecedented. A must-read for hospitality researchers and educators, students and industry practitioners.

Real-world advice for quick retention of the most important business concepts and skills of hospitality finance Hospitality Financial Management provides a straightforward, practical approach to help the hospitality manager effectively analyze hospitality industry management reports and financial statements; prepare accurate business forecasts, strategic pricing models, and effective cost-control systems; manage working capital; develop and finance growth strategies; perform investment analysis; prepare investment packages; negotiate and structure business deals; and ultimately increase shareholder value and personal wealth. This comprehensive how-to book includes: Feature Stories--brief histories of famous hospitality leaders highlighting how they have used financial management skills to attain success for their companies and significant financial rewards for themselves Learning Outcomes--a summary of key topics covered in each chapter Finance in Action--scenarios that apply the concepts, skills, and techniques presented in the chapter to real-world situations. A step-by-step solution is provided for each problem to walk the reader through the necessary financial calculations The Real Deal--boxed inserts that emphasize the relevance of the book by linking financial concepts to fun facts associated with situations students either have or will encounter in their everyday lives Concept Checks--case studies that reinforce the materials presented and enable students to practice their analytic and problem-solving skills Hospitality Financial Management is the perfect book for undergraduate and graduate hospitality management students, hospitality industry managers, and owners of small hospitality businesses.

Designed for advanced MBA and doctoral courses in Consumer Behavior and Customer Satisfaction, this is the definitive text on the meaning, causes, and consequences of customer satisfaction. It covers every psychological aspect of satisfaction formation, and the contents are applicable to all consumables - product or service.Author Richard L. Oliver traces the history of consumer satisfaction from its earliest roots, and brings together the very latest thinking on the consequences of satisfying (or not satisfying) a firm's customers. He describes today's best practices in business, and broadens the determinants of satisfaction to include needs, quality, fairness, and regret ('what might have been').The book culminates in Oliver's detailed model of consumption processing and his satisfaction measurement scale. The text concludes with a section on the long-term effects of satisfaction, and why an understanding of satisfaction psychology is vitally important to top management.

Cross-Cultural Aspects of Tourism and Hospitality is the first textbook to offer students, lecturers, researchers and practitioners a comprehensive guide to the influence of culture on service providers as well as on customers, affecting both the supply and the demand sides of the industry – organisational behaviour, and human resource management, and marketing and consumer behaviour. Given the need for delivering superior customer value, understanding different cultures from both demand and supply sides of tourism and hospitality and the impact of culture on these international industries is an essential part of all students` and practitioners` learning and development. This book takes a research-based approach critically reviewing seminal cultural theories and evaluating how these influence employee and customer behaviour in service encounters, marketing, and management processes and activities. Individual chapters cover a diverse range of cultural aspects including intercultural competence and intercultural sensitivity, uncertainty and risk avoidance, context in communication, power distance, indulgence and restraint, time orientation, gender, assertiveness, individualism and collectivism, performance orientation, and humane orientation. This book integrates international case studies throughout to show the application of theory, includes self-test questions, activities, further reading, and a set of PowerPoint slides to accompany each chapter. This will be essential reading for all students, lecturers, researchers and practitioners and future managers in the fields of Tourism and Hospitality.

The tourism industry is a multi-billion dollar enterprise, with more people from all cultures and nationalities choosing to spend their leisure time traveling and visiting new locations. To exploit this burgeoning market, tourism agencies must carefully consider the desires and goals of travelers from around the world. The Handbook of Research on Global Hospitality and Tourism Management contributes to the body of knowledge on travel and tourism by presenting a global view of the hospitality industry, including theoretical research into industry trends as well as case studies from around the world. This handbook provides travel agents, owner-operators, and students and researchers in the hospitality industry with the latest research, findings, and developments in the field. Within this handbook of cutting-edge research, readers will find chapters and cases on topics such as travel and tourism in a global economy; local, glocal, and international hospitality; challenges in environmental management; cultural cuisine; and destination management, among others.

Tourism is one of the most rapidly evolving industries of the twenty-first century. The economy of many countries all over the world depends on their ability to attract visitors and maintain a distinct edge in a highly competitive market. International Tourism and Hospitality in the Digital Age brings together the best practices for growth, development, and strategic management within the tourism and hospitality industries. Highlighting comparative research that explores the cross-cultural contexts and societal implications of tourism, this book is an essential resource for professionals, researchers, academics, and students interested in a contemporary approach to promoting, managing, and maximizing profitability of leisure and recreation services.
