Mandragora is a plant genus belonging to the nightshade family (*Solanaceae*). Members of the genus are known as mandrakes. There are between three and five species in the genus. The one or two species found around the Mediterranean constitute the mandrake of ancient writers such as Dioscorides. Two or three further species are found eastwards into China.

The Mandrake tells the story of Callimaco, who had lived in Paris but is now in Florence. He has learned of a woman there, Lucrezia, who is of extraordinary beauty. Callimaco desires to be with ...

~~The Mandrake Summary—eNotes.com~~

Mandragola è una commedia di Niccolò Machiavelli, considerata il capolavoro del teatro del Cinquecento e un classico della drammaturgia italiana. Composta da un prologo e cinque atti, è una potente satira sulla corruzione della società italiana dell'epoca. Prende il titolo dal nome di una pianta, la mandragola, alla cui radice vengono attribuite caratteristiche afrodisiache e fecondative.

MANDRAGOLA, adapted by Peter Maloney, is filled not only with Machiavelli ' s rather questionable wisdom, but with a surprising amount of wit ... If comedy seems an unlikely m é tier for Machiavelli, the action of MANDRAGOLA is of the any-means-to-an-end variety ... These days, when Machiavellian strategy is being taken all too seriously, it ' s ...

A superior treatment of Machiavelli's minor masterpiece! Flaumenhaft's beautifully crafted, literal translation aims to capture the original intent of the playwright. Machiavelli himself distinguished carefully between translations and revisions; thus, Flaumenhaft finds a faithful translation essential to conveying Machiavelli's thought and to allowing direct access to the work. The Prologue explores the relationship between Machiavelli's stage comedies--part of the Comedia Erudita of the Italian Renaissance--and his political books. Mandragola focuses on the interplay between personal and political ethics, a major theme throughout his works. The translation includes helpful notes that clarify allusions, language, and context. Names of characters and places, titles and forms of address, and some familiar Italian words and phrases remain in Italian. Passages in Latin, as well as idioms, are reproduced in the notes.

tragedy, satire, and comedy that relate to social and political aspects of the society at the time. The character build and diction of the plays is more or less the same with insolence. However, there are a few instances of contrast, especially with how extreme Aristophanes would be as compared to Niccolò Machiavelli. Regardless of the differences, ridicule is applied in both plays in a pronounced manner about the character roles for Lucrezia, Nicia, Lysistrata, and Calonice.

This book examines just how relevant Machiavelli's insights are to the country's current debate on the appropriate relations between religion and politics, church and state.

Mandrake Amorofo, inspired by Niccolò Machiavelli's La Mandragola, is the most recent and the most unusual version of that famous (some say infamous) Italian Renaissance comedy. Amorofo in the title differentiates it from all other adaptations while emphasizing that Machiavelli's story is, after all, about a love potion. Niccolò's play uses one setting, whereas Mandrake Amorofo scatters the action all over Florence, even with an opening scene in Paris. However, this does not mean productions need expend money on elaborate sets. The entire play can be performed on a bare stage, with doors and furniture brought on and removed by crew wearing either black or period costumes. Essential production notes are found at the end of the playscript. Perhaps the most singular difference between Niccolò's 1520 original and Mandrake Amorofo is the character of Lucrezia. Over five centuries, she has developed far more wit and intelligence than she possessed in the time of Machiavelli. Like Machiavelli's 1520 original, Mandrake Amorofo by H.D. Greaves in our twenty-first century is bawdy, irreverent and profane. Above all, it is, as it has always been, outrageously funny.

Controversa è la data di questa commedia in cinque atti, risalente, probabilmente, ai primi mesi del 1518. Controversa è anche la data della sua prima rappresentazione, forse da collocarsi durante il carnevale dello stesso anno. L'azione della Mandragola si svolge a Firenze nei primi anni del Cinquecento e descrive le vicende di un giovane innamorato alle prese con gli ostacoli che lo allontanano dalla donna amata. Nonostante la ricchezza di topoi di ascendenza classica, provenzale e in generale appartenenti alla commedia tradizionale, la Mandragola deve la sua originalità alla strabiliante fisionomia dei personaggi.
