We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

This eBook edition of "Ode to a Nightingale" has been formatted to the highest digital standards and adjusted for readability on all devices. "Ode to a Nightingale" is either the garden of the Spaniards Inn, Hampstead, London, or, according to Keats' friend Charles Armitage Brown, under a plum tree in the garden of Keats House, also in Hampstead. According to Brown, a nightingale had built its nest near his home in the spring of 1819. Inspired by the bird's song, Keats composed the poem in one day. It soon became one of his 1819 odes and was first published in Annals of the Fine Arts the following July. "Ode to a Nightingale" is a personal poem that describes Keats's journey into the state of Negative Capability. The tone of the poem rejects the optimistic pursuit of pleasure found within Keats's earlier poems and explores the themes of nature, transience and mortality, the latter being particularly personal to Keats. The nightingale described within the poem experiences a type of death but does not actually die. Instead, the songbird is capable of living through its song, which is a fate that humans cannot expect. John Keats (1795-1821) was an English Romantic poet. The poetry of Keats is characterized by sensual imagery, most notably in the series of odes. Today his poems and letters are some of the most popular and most analyzed in English literature.

The Odes of John Keats rank among the great lyric poems in English. In these monumental, inspiring lines, Keats muses on grand Romantic themes: Beauty, Truth, Love, Identity, Soul-making, Nature, Melancholy, and Mortality. Mostly written in the year before his death, Keats' odes set a new standard for lyrical expression, and his work continues to fascinate readers. Collected here are all 10 poems titled or considered to be Odes in Keats' oeuvre, including the great ones: Ode to Psyche, Ode on a Grecian Urn, Ode to a Nightingale, Ode on Melancholy, and To Autumn. This new edition brings them all together as a set of related texts that invite comparison and deep reflection. In a compact format for general readers, creative writers, teachers and students alike. Published by Spruce Alley Press

"When I say this book is a love story, I mean it is about things that cannot be gotten over—like this world, and some of the people in it." In 1819, the poet John Keats wrote six poems that would become known as the Great Odes. Some of them—"Ode to a Nightingale," "To Autumn"—are among the most celebrated poems in the English language. Anahid Nersessian here collects and elucidates each of the odes and offers a meditative, personal essay in response to each, revealing why these poems still have so much to say to us, especially in a time of ongoing political crisis. Her Keats is an unflinching antagonist of modern life—of capitalism, of the British Empire, of the destruction of the planet—as well as a passionate idealist for whom every poem is a love poem. The book emerges from Nersessian's lifelong attachment to Keats's poetry; but more, it "is a love story: between me and Keats, and not just Keats." Drawing on experiences from her own life, Nersessian celebrates Keats even as she grieves him and counts her own losses—and Nersessian, like Keats, has a passionate awareness of the reality of human suffering, but also a willingness to explore the possibility that the world, at least, could still be saved. Intimate and speculative, this brilliant mix of the poetic and the personal will find its home among the numerous fans of Keats's enduring work.
