Answers our equally timely and critical need to understand our boys. In *Raising Cain*, Dan Kindlon, Ph.D., and Michael Thompson, Ph.D., two of the country's leading child psychologists, share what they have learned in more than thirty-five years of combined experience working with boys and their families. They reveal a nation of boys who are hurting—sad, afraid, angry, and silent. Statistics point to an alarming number of young boys at high risk for suicide, alcohol and drug abuse, violence and loneliness. Kindlon and Thompson set out to answer this basic, crucial question: What do boys need that they're not getting? They illuminate the forces that threaten our boys, teaching them to believe that "cool" equals macho strength and stoicism. Cutting through outdated theories of "mother blame,"

“boy biology, ” and “testosterone, ” Kindlon and Thompson shed light on the destructive emotional training our boys receive—the emotional miseducation of boys. Through moving case studies and cutting-edge research, Raising Cain paints a portrait of boys systematically steered away from their emotional lives by adults and the peer “ culture of cruelty ” —boys who receive little encouragement to develop qualities such as compassion, sensitivity, and warmth. The good news is that this doesn't have to happen. There is much we can do to prevent it. Kindlon and Thompson make a compelling case that emotional literacy is the most valuable gift we can offer our sons, urging parents to recognize the price boys pay when we hold them to an impossible standard of manhood. They

Identify the social and emotional challenges that boys encounter in school and show how parents can help boys cultivate emotional awareness and empathy—giving them the vital connections and support they need to navigate the social pressures of youth. Powerfully written and deeply felt, Raising Cain will forever change the way we see our sons and will transform the way we help them to become happy and fulfilled young men.

Offers advice and guidance to parents and educators on how to cope with boys at risk and introduces a program designed to give boys an essential emotional education.

Adolescence is indisputably a turbulent time for both boys

and girls. But statistics show that there is an overwhelming number of troubled boys - at high risk for depression and suicide, drug and alcohol abuse, violence and loneliness. What do boys need that they're not getting? In this groundbreaking book, leading child psychologists Dan Kindlon and Michael Thompson cut through the glib rhetoric about 'boy biology' to show that there are sure ways for parents to help their sons travel the difficult road to manhood. Their practical and positive solutions to the problems that have plagued parents for years include: - Talk to boys directly in their own language - Recognize and accept their high activity levels - Use discipline to guide and build character, not to punish - Encourage them to control their anger by talking about their emotions - Teach boys that there are many ways

to be a man 'Clearly and accessibly written, and suggest practical strategies to help parents and teachers' Guardian

From the New York Times bestselling co-author of Raising Cain, It ' s a Boy! is the first major parenting book to chart every stage of a boy ' s life. This upbeat, authoritative, and reassuring guide—written by psychologist Michael Thompson, Ph.D., a leading international expert on boys ' development, and journalist Teresa H. Barker—shows how a boy ' s inner life progresses through infancy, childhood, and adolescence. What do boys actually need? How exactly does a healthy boy look and act? It ' s a Boy! has the answers,

## Access Free Raising Cain Protecting The Emotional Life Of Boys Ballantine Readers

providing expert advice on the developmental, psychological, social, and academic life of boys from infancy through the teen years. Exploring the many ways in which boys strive for masculinity and attempt to define themselves, Dr. Thompson identifies the key developmental transitions that mark a boy ' s psychological growth and emotional health, and the challenges both boys and parents face at each age. •

Expecting a Boy: how our deeply held hopes, fears, and family histories shape our expectations of boys and our parenting techniques • Baby Boys (birth to 18 months):

falling in love with your son, healthy attachment, trust, and temperament • Toddler Years (18 months to 3 years): boys on the go, bold steps, blankies, budding language, and rambunctious physicality • Powerful Little Boys (ages 3 and

and yearning for Dad ' s respect and attention • On the Brink of Manhood (ages 16 through 18): the quest for independence, sex, love, driving, drinking, and other choices and challenges of life Practical, insightful, wonderfully engaging, and filled with instructive true stories any parent of a son will recognize, It ' s a Boy! is the definitive guide to raising boys in today ' s world, revealing with humor, compassion, and joy all the infinite varieties of boys and the deep and profound ways in which we love them.

My eight-year-old son is the only boy in his class who doesn't have a Gameboy. I don't want him to be ostracized for not having one, but I worry that it's addictive. What do you think? Our two sons are eleven and fourteen, and they are

## Access Free Raising Cain Protecting The Emotional Life Of Boys Ballantine Readers

fiercely competitive. The tension around our house is awful. How can we help them get along better? We've worked very hard to keep our ten-year-old son in touch with his feelings. Sometimes it seems as if we've put him at a disadvantage, surrounded by tougher boys who can be pretty cruel with teasing. How can we help him protect himself when other boys start to tease? With his bestselling book *Raising Cain*, Michael Thompson, Ph.D., at last broke the silence surrounding the emotional life of boys and spearheaded an important national debate. His warmth and humor quickly made him a popular and respected international speaker and consultant. Now he directs his authority, insight, and eloquence to answering your questions about raising a son. With candid questions and thoughtful, detailed responses,

Speaking of Boys covers hot-button topics such as peer pressure, ADHD/ADD, and body image as well as traditional issues such as friendship, divorce, and college and career development. This perceptive, informative, and passionate book will leave you not only with useful, practical advice but also with the comforting knowledge that other parents share the same concerns you do when it comes to raising our boys into well-adjusted, responsible men.

Details the complex nature of children's friendships and discusses the difference between friendship and popularity, how boys and girls deal with intimacy and commitments, and related topics.

An insightful and powerful look at the magic of summer camp—and why it is so important for children to be away from home . . . if only for a little while. In an age when it ' s the rare child who walks to school on his own, the thought of sending your “ little ones ” off to sleep-away camp can be overwhelming—for you and for them. But parents ' first instinct—to shelter their offspring above all else—is actually depriving kids of the major developmental milestones that occur through letting them go—and watching them come back transformed. In *Homesick and Happy*, renowned child psychologist Michael Thompson, PhD, shares a strong argument for, and a vital guide to, this brief loosening of ties. A great champion of summer camp, he explains how camp ushers your children into a thrilling world offering an

## Access Free Raising Cain Protecting The Emotional Life Of Boys Ballantine Readers

environment that most of us at home cannot: an electronics-free zone, a multigenerational community, meaningful daily rituals like group meals and cabin clean-up, and a place where time simply slows down. In the buggy woods, icy swims, campfire sing-alongs, and daring adventures, children have emotionally significant and character-building experiences; they often grow in ways that surprise even themselves; they make lifelong memories and cherished friends. Thompson shows how children who are away from their parents can be both homesick and happy, scared and successful, anxious and exuberant. When kids go to camp—for a week, a month, or the whole summer—they can experience some of the greatest maturation of their lives, and return more independent, strong, and healthy.

At a time when many boys are in crisis, a much-needed roadmap for helping boys grow into strong and compassionate men Over the past two decades there has been an explosion of new studies that have expanded our knowledge of how boys think and feel. In *How to Raise a Boy*, psychologist Michael Reichert draws on his decades of research to challenge age-old conventions about how boys become men. Reichert explains how the paradigms about boys needing to be stoic and "man like" can actually cause them to shut down, leading to anger, isolation, and disrespectful or even destructive behaviors. The key to

## Access Free Raising Cain Protecting The Emotional Life Of Boys Ballantine Readers

Changing the culture lies in how parents, educators, and mentors help boys develop socially and emotionally. Reichert offers readers step-by-step guidance in doing just this by: - Listening and observing, without judgment, so that boys know they're being heard. - Helping them develop strong connections with teachers, coaches, and other role models - Encouraging them to talk about their feelings about the opposite sex and stressing the importance of respecting women - Letting them know that they don't have to "be a man" or "suck it up," when they are experiencing physical or emotional pain. Featuring the latest insights from psychology and neuroscience, How to Raise a Boy will help those who care for young boys and teenagers build a boyhood that will enable them to grow into confident, accomplished and kind
