(PDF) Reading the Media: Media Literacy in High School English

Media literacy is the ability to identify different types of media and understand the messages they're sending. Kids take in a huge amount of information from a wide array of sources, far beyond the traditional media (TV, radio, newspapers, and magazines) of most parents' youth.

What is media literacy, and why is it important?

What is Media Literacy? Media literacy is the ability to identify different types of media and understand the messages that media is sending (Common Sense Media). Far beyond the traditional media such as newspapers, television, and radio, children take in a wide array of other media. This media has evolved since their parents' time and includes everything from text messages to social media, viral videos, video games, and memes. While these forms of media are all different, they were ...

This pioneering book, by one of the founders of the media literacy field, provides the first empirical evidence of the impact of media literacy on the academic achievement of adolescents. It chronicles the practice of high school teachers who prepared their students to critically analyze all aspects of contemporary media culture.

Reading the Media: Media Literacy in High School English ...

Media literacy is the ability to comprehend and critique a variety of forms of communication. Media literacy allows you to identify the influence and meaning behind media messages, whether you're involved in media production or media consumption. Whether you're reading a newspaper, watching TV, using a social media platform, playing video games, or engaging with any other forms of media, media literacy skills allow you to assess the author's credibility and intent.

A Basic Guide to Media Literacy: How to Be Media Literate ...

The language of media discourse includes features or conventions such as the slow fade in a television show or the eerie music in a horror film. And, just as a story has a structure, so too does a commercial. By reading and analyzing media texts, students are involved in breaking the code for the way languages of different media work.

Reading Media Texts - Literacy Today

Media literacy enables people to have the skills, knowledge and understanding to make full use of the opportunities presented by both traditional and new communications services. Media literacy also helps people to manage content and communications, and protect themselves and their families from the potential risks associated with using these services.
