Come fanno le aziende a gestire efficacemente il rischio? Che cosa fa veramente la differenza nell'attuazione dei programmi di Safety? Come si può ridurre il gap tra ciò che si dovrebbe fare e ciò che realmente si fa? Certe domande nascono spontanee in chi si occupa di sicurezza sul lavoro nelle aziende, che rischia, in molte occasioni, di trasformarsi in un mare di documenti e procedure "teoriche". Che siate Responsabili del Servizio Prevenzione e Protezione, Formatori o Consulenti per la sicurezza, una delle difficoltà che incontrerete maggiormente è quella di far accettare e attuare le vostre proposte e le vostre indicazioni nella prevenzione dei rischi. Ecco dunque lo scopo di questo libro: fornire strumenti pratici per coinvolgere attivamente le persone e le organizzazioni nell'attuazione delle procedure di sicurezza e prevenzione. Grazie ai più moderni processi di Coaching e Comunicazione contenuti in questo libro, riuscirete a incrementare la vostra capacità di guida e leadership, ottenendo risultati pratici e cambiamenti duraturi in tutte le realtà in cui vi troverete a operare. vulnerabilità di natura criminosa che incidono sulle attività d'impresa e dei contesti organizzati. Nuove impegnative sfide attendono i Security Manager: diventa allora fondamentale poter disporre di strumenti altrettanto innovativi e realmente efficaci che aiutino a far riconoscere la sicurezza come un tassello indispensabile non soltanto per prevenire le minacce agli asset aziendali ma anche per migliorare le business performance. In tale prospettiva, il coaching rappresenta un eccellente approccio manageriale in grado di creare sinergie e rendere consapevoli le persone dell'importanza della loro adesione attiva e responsabile alle security policy. Il volume che presentiamo contiene tutto ciò che occorre per creare in pochi passi un corso di formazione personalizzato sulla sicurezza anticrimine, facilmente adattabile a differenti e specifici contesti lavorativi e aggiornabile al variare delle esigenze di security aziendali. Lo scopo è quello di mettere a disposizione dei docenti, interni o esterni all'azienda, un format completo corredato di tutti gli strumenti necessari per promuovere una "cultura della sicurezza e della prevenzione" facendo leva sul gioco di squadra e sulle security ability individuali.

From the creator of Product Launch Formula: A new edition of the #1 New York Times best-selling guide that's redefined online marketing and helped countless entrepreneurs

Bookmark File PDF Safety Coaching Comunicare In Maniera Efficace E Motivare make millions. The revised and updated edition of the #1 New York Times bestseller Launch will build your business - fast.

Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away from there? Or are you ready for a launch that will change the future of your business and your life?

HEALTH RISKS, FULLY REVISED AND UPDATED. Now in its sixth edition, Risk Communication has proven to be a valuable resource for people who are tasked with the responsibility of understanding how to apply the most current approaches to care, consensus, and crisis communication. The sixth edition updates the text with fresh and illustrative examples, lessons learned, and recent research as well as provides advice and guidelines for communicating risk information in the United States and other countries. The authors help readers understand the basic theories and practices of risk communication and explain how to plan an effective strategy and put it into action. The book also contains information on evaluating risk communication efforts and explores how to communicate risk during and after an emergency. Risk Communication brings together in one resource proven scientific research with practical, hands-on guidance from practitioners with over 30 years of experience in the field. This important guide: Provides new examples of communication plans in government and industry, use of social media, dealing with "fake news," and new digital tools for stakeholder involvement and crisis communications Contains a new chapter on partnerships which covers topics such as assigning roles and expectations, ending partnerships, and more Presents real-world case studies with key lessons all risk communicators can apply. Written for

Europe's boundaries have mainly been shaped by cultural, religious, and political conceptions rather than by geography. This volume of bilingual essays from renowned European scholars outlines the transformation of Europe's boundaries from the fall of the ancient world to the age of decolonization, or the end of the explicit endeavor to "Europeanize" the world. From the decline of the Roman Empire to the polycentrism of today's world, the essays span such aspects as the confrontation of Christian Europe with Islam and the changing role of the Mediterranean from "mare nostrum" to a frontier between nations. Scandinavia, eastern Europe and the Atlantic are also analyzed as boundaries in the context of exploration, migratory movements, cultural exchanges, and war. The Boundaries of Europe, edited by Pietro Rossi, is the first installment in the ALLEA book series Discourses on Intellectual Europe, which seeks to explore the question of an intrinsic or quintessential European identity in light

The Sicilian Mafia, or Cosa Nostra, is one of the most intriguing criminal phenomena in the world. It is an unparalleled organised criminal grouping that over almost two centuries has been able not only to successfully permeate licit and illicit economy, politics and civil society, but also to influence and exercise authoritative power over both the underworld and the upper-world.

Bookmark File PDF Safety Coaching Comunicare In Maniera Efficace E Motivare La Pace In Italia. Dall' Strategie Di Sicurezza Prevenzione E Protezione

This criminal phenomenon has been a captivating conundrum for scholars of different disciplines who have tried to explain with various paradigms the reasons behind the emergence and consolidation of the mafia. Challenging the Mafia Mystique provides an analysis of the changes the Sicilian mafia has undergone, from legitimisation to denunciation. Rino Coluccello highlights how, from the very emergence of the organised criminal groups in Sicily, a culture existed that was protective and tolerant of the mafia. He argues that the various conceptualisations of the mafia that dominated the public and scientific debate in the nineteenth and more than half of the twentieth century created a mystique, which legitimised the mafia and contributed to their success. This book will be of great interest to scholars and students of organised crime, Italian politics and Italian literature.
