| “An exuberant picture book...Fabulously fun artwork...Fighting crime definitely takes imagination.” —The Wall Street Journal “This tale offers the refreshing twist of sibling friendship that parents will applaud. Jinx and the Doom will captivate readers with their irresistible fun.” —Kirkus Reviews (starred review) Jinx and her little brother, the Doom, are pretty typical kids—except when they turn into superheroes and fight crime—in this relatable celebration of siblings and imagination by the author of Strictly No Elephants. A typical day for Jinx and the Doom looks like this: wake up, eat breakfast, brush teeth—then FIGHT CRIME! These rambunctious kids used to fight each other, until one day they realized that they could use their powers for good instead of evil. So now they protect the planet! Defend the innocent! And then stop to have lunch. Bright cut-paper, comic book–style illustrations highlight the power of imagination and the joy of having a sibling to play with. |

| Celebrate all the ways love makes us who we are with the sequel to the New York Times bestseller Every Day, now a major motion picture. Every day a new body. Every day a new life. Every day a new choice. For as long as A can remember, life has meant waking up in a different person's body every day, forced to live as that person until the day ended. A always thought there wasn't anyone else who had a life like this. But A was wrong. There are others. A has already been wrestling with powerful feelings of love and loneliness. Now comes an understanding of the extremes that love and loneliness can lead to -- and what it's like to discover that you are not alone in the world. In Someday, David Levithan takes readers further into the lives of A, Rhiannon, Nathan, and the person they may think they know as Reverend Poole, exploring more deeply the questions at the core of Every Day and Another Day: What is a soul? And what makes us human? |
