Any opinions on an '84 GS1150?

With 119 horsepower at 8,500rpm and torque to match — 81 foot-pounds at 6,500rpm — the GS1150E was strong, reliable and fast, and was quickly drafted as the basis for numerous race-winning and record-breaking dragsters. Never built in large numbers, stock survivors are now rare. This particular bike is doubly rare.

Motorcycle Parts for Suzuki GS1150 for sale | eBay

Back in '84, Suzuki bored out the GS1100 mill, upped the compression, played with cam timing, and launched the 1150E. Motorcycle magazines of the day promptly ripped off quarter mile times in the 10 second range, and proclaimed it the fastest bike of the year. With nearly 120 hp on tap, the 1150E was stout – to say the least.

Suzuki has a great deal riding on the GS1150. It is its new flagship model. And as the only '84 model to debut thus far, it is responsible for drawing traffic to dealer showrooms where Suzuki is counting on selling a great many noncurrent models this year. Perhaps most important, the 1150 carries the corporate banner into the Superbike War of ...

An author subject index to selected general interest periodicals of reference value in libraries.

Ten essays discuss federal democracy, the form of government of the United States. The first essay discusses the origins of American federalism. The second examines why we have a federal system, the functions federalism serves, and the consequences of federalism for the American political system. Federalism in the Constitution and constitutional law are treated in the third essay. The importance of cultural pluralism in American life and the role of American federalism in supporting pluralism are the foci of the fourth essay. The roles that the local community, the states, and political parties play in the federal system are examined in essays 5, 6, and 7, respectively. State, local, and professional roles in citizenship education are discussed in the eighth essay. The ninth essay explores how high school U.S. history and government textbooks approach federalism. The concluding essay describes resources on federalism that can be used in curriculum development at the secondary and college levels. Many of the essays are followed by topics for further study and suggested readings for teachers. (RM)

Eighteen countries. Five shock absorbers. Two bikers. One amazing adventure... After their fantastic trip round the world in 2004, fellow actors and bike fanatics Ewan McGregor and Charley Boorman couldn't shake the travel bug. Inspired by their UNICEF visits to Africa, they knew they had to go back and experience this extraordinary continent in more depth. And so they set off on their 15,000-mile journey with two new BMWs loaded up for the trip. Their route took them from John O'Groats at the northernmost tip of Scotland to Cape Agulhas on the southernmost tip of South Africa. Along the way they rode some of the toughest terrain in the world -- and met some of the friendliest people. They rode their bikes right up to the pyramids in Egypt and visited Luke Skywalker's house in Tunisia. They met people who had triumphed over terrifying experiences -- former childhood soldiers in Uganda and children living amidst the minefields of Ethiopia. They had a close encounter with a family of gorillas in Rwanda and were nearly trampled by a herd of elephants in Botswana. Riding through spectacular scenery, often in extreme temperatures, Ewan and Charley faced their hardest challenges yet. With their trademark humor and honesty they tell their story -- the drama, the dangers and sheer exhilaration of riding together again, through a continent filled with magic and wonder.

Turn dull meetings into dynamic group experiences! Chances are that you spend a lot of time at meetings - some are focused and productive, while others are not. This ebook, written by a professional facilitator, contains 77 tips for both meeting leaders and participants. Implementing one or more of these tips can produce dramatic results at your meetings. Learn how to strengthen your leadership abilities, plan effectively, use structure to get more from your meetings, manage group dynamics, empower yourself and others to become strong contributors to the meeting, and more. Inside this ebook there is even a helpful checklist that you can use to assess what you need to do to make your meetings more effective.

Feng Shui Demystified Feng Shui Demystified is one of the most understandable books written on feng shui. It was originally published by The Crossing Press in 2000 and became one of their best selling books. Readers say, "This is the first time feng shui made sense." This new edition is greatly revised and expanded to include more illustrations, situations, solutions, and success stories. One of the most useful new sections is the Checklist for Moving. Feng Shui Demystified is one of the The book explains why certain environments are conducive to harmony, prosperity, and health, and how to create those environments. It teaches how to minimize conflicts and arguments by avoiding the factors that signify their presence in your life. The book examines the many obstacles that prevent a person from reaching their highest potential. It shows how to develop conscious awareness of the obstacles, minimize their effect, and remove them when possible. It explores the energy and symbolism of objects and how those aspects affect their placement. It is especially sensitive to renters who often have very little control over their home. Feng Shui Demystified is one of the The writing is concise and powerful. When a problem is described, multiple solutions are always suggested. It explains the feng shui rules while encouraging you to cultivate your intuition and act on it. Author Clear Englebert draws from his own experience as a feng shui consultant to walk you through your home (and yard, and workplace, and even the car) with a consultant's eye. You will learn to observe how chi (Universal Energy) flows in and around your home—where it is vibrant, where it stagnates, and where it picks up a negative charge. The book is a practical how-to guide rich with specific advice, including evocative explanations of the symbolic thought underlying feng shui concepts. The emphasis is on those concepts most accessible to the Western mind, and on those solutions most available to the modern reader.

Every red-blooded motorcyclist dreams of making the Big Trip--this updated fifth edition shows them how. Choosing a bike, deciding on a destination, bike preparation, documentation and shipping, trans-continental route outlines across Africa, Asia and Latin America, and back-country riding in SW USA, NW Canada and Australia. Plus--first hand accounts of biking adventures worldwide.

GSXR1300R Hayabusa (1999-2007)
