The Black Banners: Six Questions for Ali Soufan. Adjust. Share. By Scott Horton. , on November 1, 2011. The name and face of former FBI special agent Ali Soufan have only recently become known to the public, but to those inside the U.S. government Soufan has long been something of a legend. He conducted the most effective and fruitful interrogations of Al Qaeda suspects during the war on terrorism, and save for some inexplicable failures by the CIA, he and his team might well have prevented ...

The Black Banners: The Inside Story of 9/11 and the War Against Al-Qaeda was written by former FBI agent Ali Soufan, and in it he begins by taking readers back to the 1980s when a young Osama Bin Laden was defending his country against the Soviets. The book follows Bin Laden's tracks from early reformer to terror leader, from the 1993 World Trade Center bombing and the attack on the USS Cole all the way to 9/11, when we as a nation finally realized we had been at war for a long time and ...

Book Review: The Black Banners ¶ Jennie Creates

The anecdote about Mohammed was supposed to appear in Soufan's award-winning 2011 book, The Black Banners: The Inside Story of 9/11 and the War Against al-Qaeda.

If you see the Black Banners coming from Khurasan, join that army, even if you have to crawl over ice; no power will be able to stop them' Hadith attributed to the Prophet Muhammad The Black Banners is the ultimate insider's account of the realities of counter-terrorism. During a decade on the front lines, as the FBI's lead investigator into Al Qaeda, Ali Soufan thwarted plots around the world and won some of the most important confessions from terrorists - without laying so much as a hand on them. Most of these stories have never been reported before, and never by anyone with such intimate firsthand knowledge. Soufan takes us into the interrogation rooms, into the hideouts. He even gives us a ringside seat at bin Laden's personal celebration of the 9/11 bombings. This is a gripping blow-by-blow account of the ten-year hunt for the most dangerous and well-connected Islamist terrorists - some of whom are still at large. In The Black Banners Soufan also explains why the pervasive use of torture is not helping in the 'War on Terror', and how a more enlightened approach to intelligence is not only possible, but essential. This is a story not just of intrigue and bravery, but of empathy. He shows us how terrorists think and operate. And he shows that through this understanding, they can be stopped and finally brought to justice. Ali Soufan knows the truth about the successes and failures of countering terrorism. His knowledge is essential to us all.

A former FBI special agent offers an insider's account of how the September 11th attacks could have been prevented, as well as his role in the war on terror, including his highly effective interrogation efforts.

The ultimate insider's account of the battle against terrorism, The Black Banners describes for the first time Ali Soufan's nerve-wracking, history-making decade as the FBI's lead investigator into al-Qaeda, thwarting plots around the world and winning vital confessions from terrorists - without laying so much as a hand on them.

From the interrogation rooms where Soufan would share food and films with the suspects so he could bond with them, to the hideouts of bin Laden - and why the CIA have insisted on redacting parts of this book - Ali Soufan's gripping book reveals with intimate, first-hand knowledge, the shocking truth about the global 'War on Terror'. 'This book goes behind the scenes and allows readers to experience the high stakes intellectual dance between foes . . . Soufan's story provides a new and important window on America's battle with al-Qaeda.' Washington Post 'One of the most valuable and detailed accounts of its subject to appear in the past decade.' Economist

"Anyone who wants to understand the world we live in now should read this book." ¶Lawrence Wright To eliminate the scourge of terrorism, we must first know who the enemy actually is, and what his motivations are. In Anatomy of Terror, former FBI special agent and New York Times best-selling author Ali Soufan dissects Osama bin Laden's brand of jihadi terrorism and its major offshoots, revealing how these organizations were formed, how they operate, their strengths, and¶crucially¶their weaknesses. This riveting account examines the new Islamic radicalism through the stories of its flag-bearers, including a U.S. Air Force colonel who once served Saddam Hussein, a provincial bookworm who declared himself caliph of all Muslims, and bin Laden's own beloved son Hamza, a prime candidate to lead the organization his late father founded. Anatomy of Terror lays bare the psychology and inner workings of al-Qaeda, the Islamic State, and their spawn, and shows how the spread of terror can be stopped. Winner of the Airey Neave Memorial Book Prize

When I was approached for this unusual assignment, I wasn't sure if I should take it or not. It was rare for an assassin to be recruited to protect someone, and even rarer still that an Incubo would reach out to a Mortal for help. The money was good, and the job seemed easy enough. Keep a young Incubo woman alive until her wedding day. Not long after arriving at the stately manor of her betrothed did I realize that there was more to this mysterious species than Mortals were led to believe. Secret royal families. Unspoken alliances. Murder plots. If I'm to live long enough to see this job through, I may end up seeing society as I know it topple. Under The Black Banners is the first book of this urban fantasy series. Follow Isa Nera as she learns more about the secret societies that even her found family, The Black Banners, hadn't known about. This urban fantasy weaves subtle magic and realistic romance into an exciting journey from neutral third party to possibly the only Mortal with the skills to stop a war from devouring and ending an entire species.

Introduction: the Islamic State -- Caliphate -- Administration -- Revenue -- Religion -- Women, and children too -- Christians and Jews and ... -- Apocalypse now -- Conclusion

"When he succeeded his father in 1999, King Abdullah of Jordan released a batch of political prisoners in the hopes of smoothing his transition to power. Little did he know that among those released was Abu Musab al-Zarqawi, a man who would go on to become a terrorist mastermind too dangerous even for al-Qaeda and give rise to an Islamist movement bent on dominating the Middle East. Zarqawi began by directing hotel bombings and assassinations in Jordan from a base in northern Iraq, but it was the American invasion of that country in 2003 that catapulted him to the head of a vast insurgency. By identifying him as the link between Saddam and bin Laden, the CIA inadvertently created a monster. Like-minded radicals saw him as a hero resisting the infidel occupiers and rallied to his cause. Their wave of brutal beheadings and suicide bombings continued for years until Jordanian intelligence provided the Americans with the crucial intelligence needed to eliminate Zarqawi in a 2006 airstrike. But his movement endured, first called al-Qaeda in Iraq, then renamed Islamic State of Iraq and Syria, or ISIS, seeking refuge in unstable, ungoverned pockets on the Iraq-Syria border. And as the Syrian civil war broke out in 2011, ISIS seized its chance to pursue Zarqawi's dream of a sweeping, ultra-conservative Islamic caliphate. Drawing on unique access to CIA and Jordanian sources, Joby Warrick weaves together heart-pounding, moment-by-moment operational details with overarching historical perspectives to reveal the long trajectory of today's most dangerous Islamic extremist threat"--

Black Banners, written in 1904, is August Strindberg's last major novel of social criticism. It embodies an attack on the decadence and immorality he perceived in the literary circles and cultural life of Stockholm at the turn of twentieth century and led to the so-called «Strindberg Feud». It is considered by many to be the most notorious roman à clef in Swedish literature and it occasioned the greatest scandal of a career marked by controversy.
