The updated edition to one of the most popular books on technical analysis Japanese candlestick charting and analysis is one of the most profitable yet underutilized ways to trade the market. Signals created by this unique method of technical analysis—represented in the form of graphic "candlestick" formations—identify the immediate direction and effects of investor sentiment through price movements, allowing traders to profit by spotting trend reversals before other investors. This updated version of Profitable Candlestick Trading: Pinpointing Market Opportunities to Maximize Profits makes learning the method fast and easy by introducing specific patterns, as well as the psychology behind them. The book Details the most valuable aspect of technical analysis—reversal patterns—as well as reversal signals, including the Doji, the Hammer, the Hanging Man, Engulfing Patterns, and Dark Cloud Cover Explains continuation patterns and explores how they can help with the decision-making process during various trading periods Reveals how to find trading situations that have the maximum potential for profitability, the highest probability of success, and the least amount of risk Learn how to quickly search, view, and profit with candlestick formations with Profitable Candlestick Trading.

A practical, must-read guide to candlestick charting techniques Japanese candlestick charting is a highly effective method for timing the market for short-term profits. Unlike most western techniques—moving average, relative strength index, MACD, stochastic, Bollinger bands, or Elliot waves—candlestick charting signals are based on very close analysis of product price, producing accurate buy or sell signals between two and ten periods earlier than other techniques. In The Power of Japanese Candlestick Charts, noted author and futures trading expert Fred Tam offers a full and sophisticated range of charting techniques using candlestick methodology. Written by Fred K. H. Tam, a noted pioneer in exploring the Japanese candlestick methodology Ideal for anyone who wants to invest or trade in both the futures and stock markets Includes hundreds of illustrated charts The Power of Japanese Candlestick Charts is a comprehensive and valuable guide to candlestick charting that is perfect for analysts, stock or day traders, and short-term position traders.
