Part of the bestselling saga about childhood friends following different paths by “one of the great novelists of our time” (The New York Times). In the third book in the New York Times–bestselling Neapolitan quartet that inspired the HBO series *My Brilliant Friend*, Elena and Lila have grown into womanhood. Lila married at sixteen and has a young son; she has left her husband and the comforts her marriage brought and now works as a common laborer. Both women are pushing against the walls of a prison that would have seen them living a life of misery, ignorance, and submission. They are afloat on the great sea of opportunities that opened up for women during the 1970s. And yet, they are still very much bound to each other in a book that “shows off Ferrante’s strong storytelling ability and will leave readers eager for the final volume of the series” (Library Journal). “One of modern fiction’s richest portraits of a

Robin Hobb

A funny, moving and heartfelt memoir of social upheaval from postwar Britain to the digital age. Patrick Langley Griffin OAM grew up in the post war years of a gloomy Britain in the 40s and 50s and his career spanned fifty years as a hotelier in Grand hotels across the UK, Europe and Australia. His memoir is filled with characters famous, infamous and hitherto unknown. From his first star encounter with Charlie Chaplin, the memoir is filled with tales of film stars, rock legends, celebrities, Heads of State

and politicians, as well as the British Royal Family. No less enjoyable are the tales of ordinary folk, just as full of laughs, tears and crazy behaviour. The memoir is full of humour, candour and genuine empathy for the common humanity that binds us all. Born in Rugby, England in 1946, his early youth was spent in Swanage, Dorset, where the family had moved to escape the German bombing while their father served in the RAF. Although not academically inclined, his charm, wit and unfailing ability to make lemonade when he was given lemons ensure his childhood and public school years are

filled with adventures and hilarious mishaps. His career started in 1963 as a trainee manager at The Grand Hotel in Eastbourne, a very traditional Victorian-era five-star hotel, where he found his passion for hospitality. Half a century of social and political change comes to life, from post-war austerity and bureaucracy through the Swinging 60s and the 'Summer of Love' in Amsterdam, to England's industrial upheaval and 'Winter of Discontent' of the 70s. He moved to Australia at the dawn of a new century to open two new upscale hotels, and survived and thrived in

Ukrainian immigrants to
Canada have often been
portrayed in history as
sturdy pioneer farmers
cultivating the virgin land
of the Canadian west. The
essays in this collection
challenge this stereotype by
examining the varied
experiences of Ukrainian-
Canadians in their day-to-
day roles as writers,
intellectuals, national
organizers, working-class
wage earners, and
inhabitants of cities and
towns. Throughout, the
contributors remain
dedicated to promoting the

study of ethnic, hyphenated histories as major currents in mainstream Canadian history. Topics explored include Ukrainian-Canadian radicalism, the consequences of the Cold War for Ukrainians both at home and abroad, the creation and maintenance of ethnic memories, and community discord embodied by pro-Nazis, Communists, and criminals. *Re-Imagining Ukrainian-Canadians* uses new sources and non-traditional methods of analysis to answer unstudied and often controversial questions within the field. Collectively, the essays challenge the older,

what it means to be
