Fundamentals of Investing Note Taking Guide

Note Investing Fundamentals. Book Summary. For far too many of us, we're stuck in the corporate cycle. Wakeup, work, sleep – and there hasn't exactly been an exit strategy in sight. Why do we do it? The income, of course! But what happens when that income simply isn't allowing you to live the life that you've sought for yourself?

From a tax perspective, there are no depreciation advantages with notes. As for appreciation, the face of the note is the face of the note, but sometimes when purchased at a discount, there can be a “phantom appreciation” because note values directly correlate to property values. When real estate values go up the value of the notes go up.

Mutuals and ETFs - (a) Mutual prices are fixed, (b) ETFs are tradable with prices that are market driven. Diversification is what drives the popularity of funds along with professional management. Funds are normally used as "base investments". Funds can be actively or passively managed and can be open or closed-end.
