This is a fascinating biography that explores the occult interests of William S. Burroughs. I always knew Burroughs was into magic and learned a lot from what he shares in his books, but this was fascinating to read because it speaks to his experiences and interests in magic and where those interests started as well as what he explored.

Wednesday, July 27, 2016 Apotheosis of the Self: Matthew Levi Stevens ' THE MAGICAL UNIVERSE OF WILLIAM S. BURROUGHS When the reputation of a literary figure extends far beyond his words, there ' s always the danger of the legend eclipsing the literature itself. Of course, this eclipsing process has occurred with any number of cult writers.

Apotheosis of the Self: Matthew Levi Stevens ' THE MAGICAL ...

William S. Burroughs, the Beat Generation ' s great, tampered with several methods and systems throughout his life. And while his genius is undeniable, he also argued against the idea of being a " person of genius " , and instead said he had no genius, he was no genius; he was possessed by genius. " To me ' genius ' is the nagual: the uncontrollable – – unknown and so unpredictable – – spontaneous and alive.

Elements From William Burroughs' Magical Universe | Faena

The Magical Universe of William S. Burroughs, by Matthew Levi Stevens Burroughs had some weird ideas during his lifetime. In fact, there weren ' t many crank theories or bizarre superstitions that he came across without exploring at least for a while, from Scientology to Mayan mind control calendars to Orgone Accumulators... and then, of course, there was magic.

The 5 Best Books About William S. Burroughs

Language. English. Magical Universe is a 2013 documentary film directed by filmmaker Jeremy Workman about reclusive outsider artist Al Carbee who created elaborate dioramas and collages featuring Barbie dolls. The title of the film is taken from Carbee's own voluminous writings about his wondrous art.

The magical, whimsical worlds created by the artists Steven and William Ladd are the subject of " Function and Fantasy, " a new exhibition at the Mingei International Museum in San Diego. The brothers, who work out of a studio in New York City ' s Chelsea neighborhood, brought their individual practices together more than a decade ago, when ...

"In the magical universe there are no coincidences and there are no accidents. Nothing happens unless someone wills it to happen. The dogma of science is that the will cannot possibly affect external forces, and I think that's just ridiculous. It's as bad as the church. My viewpoint is the exact contrary of the scientific viewpoint. I believe that if you run into somebody in the street it's for a reason. Among primitive people they say that if someone was bitten by a snake he was murdered. I believe that." -- William S Burroughs Fully revised and expanded from the limited edition chapbook that first appeared in 2012, this is the first ever in-depth consideration of the significance of Magic and the Occult in the Life & Work of the writer and counter-cultural icon.

This volume contributes to the current reassessment of the "Glorious Revolution" by bringing together the work of leading American, British, and Dutch scholars who present a series of interpretive case studies on a wide variety of political, economic, religious, and cultural issues. What emerges from these fifteen essays is the conviction that in spite of differing angles of approach, the process of reinterpreting the Revolution requires a combined study of English and Dutch history within the context of European history. The long tradition of viewing the events of 1688-89 as a uniquely British affair, which gave birth to liberal England with its contingent political and religious liberties, is finally put to rest.

Introduces the concept of time, and discusses seconds, minutes, hours, days, weeks, months, seasons, years, decades, centuries, millennia, ages, and eras.

Biography of William G. Gray, the British occultist and magician whose pioneering work on the Qabalah and ritual magic contributed enormously to the modern pagan and wiccan revivals.

This book is about a boy, William Blaze, who on his 12th birthday discovers that he is a wizard and his parents have been killed by the evil witch, Evanora. William is called to the 'Mandorian School of Magic to study about magic. For the first few days, everyone thinks that Evanora has been captured but soon William discovers that she has broken out of her prison. William has to face her and pass through dark forces and many more conspiracies; he also has the help and support of his two best friends, Joe and Christina to put an end to the name Evanora Will William be able to defeat Evanora with the help of his two best friends or everything will turn against him?

The Spiritual Imagination of the Beats is the first comprehensive study to explore the role of esoteric, occult, alchemical, shamanistic, mystical and magical traditions in the work of eleven major Beat authors. The opening chapter discusses Kenneth Rexroth and Robert Duncan as predecessors and important influences on the spiritual orientation of the Beats. David Stephen Calonne draws comparisons throughout the book between various approaches individual Beat writers took regarding sacred experience - for example, Burroughs had significant objections to Buddhist philosophy, while Allen Ginsberg and Jack Kerouac both devoted considerable time to studying Buddhist history and texts. This book also focuses on authors who have traditionally been neglected in Beat Studies - Diane di Prima, Bob Kaufman, Philip Lamantia and Philip Whalen. In addition, several understudied work such as Gregory Corso's 'The Geometric Poem' - inspired by Corso's deep engagement with ancient Egyptian thought - are given close attention. Calonne introduces important themes from the history of heterodoxy - from Gnosticism, Manicheanism and Ismailism to Theosophy and Tarot - and demonstrates how inextricably these ideas shaped the Beat literary imagination.

The indispensable source guide to J.K. Rowling ' s Harry Potter novels—the perfect gift for Harry Potter fans! What was the model for The Order of the Phoenix? Where do those names come from? What is the real-life legend behind Voldemort ' s Dark Mark? Could Snape ' s potions actually work? J.K. This book was not authorized, prepared, approved, licensed or endorsed by J.K. Rowling, Warner Bros., or any other individual or entity associated with the HARRY POTTER books or movie.

William knows his father is dead. Everyone knows it . . . everyone except William's sister, who hears him calling to her. Despite William's warnings, she disappears in the night to find their father. To rescue his sister, William must travel through dangerous forests swarming with bandits. But human foes are the least of his problems. His quest will take him beyond the world he knows and into far-off lands—where monsters are real, the dead can speak, and lies become truths. With an enchanted goat as his guide, William follows a strange path that may lead to his sister . . . and perhaps his father as well.

Through critical readings Gerald Alva Miller, Jr., examines the life of William S. Burroughs and the evolution of his various radical styles not just in writing but also in audio, film, and painting. Although Burroughs remains tied to the Beat Generation, his works prove more revolutionary. Miller argues that Burroughs, more than any other author, ushered in the era of both postmodern fiction and poststructural philosophy. Through this study Miller situates Burroughs within the larger countercultural movements that began in the 1950s, when his novels became influential because of their examination of various control systems (from sex and drugs to global or even intergalactic conspiracies). Understanding William S. Burroughs begins by considering his early, straightforward narratives. Despite being more stylistically conventional, they broke new ground with their depictions of junkies, gay people, and others marginalized by society. The publication of *Naked Lunch* shattered all literary paradigms in terms of form and content. *Naked Lunch* and the cut-up novels, recordings, films, and art that followed constitute one of the twentieth century's most sustained and methodical aesthetic experiments, placing Burroughs alongside Franz Kafka, Jorge Luis Borges, James Joyce, Samuel Beckett, Vladimir Nabokov, and Thomas Pynchon in terms of both innovation and influence. Burroughs eventually turned his attention toward imagining methods of using the control "machinery" against itself. Often considered his masterpiece, the *Red Night Trilogy* of the 1980s ranges across time and space, and life and death, in its quest to discover the ultimate form of freedom. His antiestablishment stance and virulent attacks on various types of oppression have caused Burroughs to remain a highly influential figure to each new generation of authors, artists, musicians, and philosophers. The hippies, punks, and cyberpunks were all heavily indebted to the man whom many people called *el hombre invisible*, and his works prove more relevant than ever in the twenty-first century.
