The work argues for an understanding of this body of legislation and regulatory activity as being directed towards the realisation of a flexible labour market. It shows how the flexibility objective has been pursued in three intersecting areas: regulating personal employment relations; promoting a collective ' voice ' for employees at work; and maximising levels of employment.

~~Towards a Flexible Labour Market – Edinburgh Research Explorer~~

The regulation of the labour market has been a major source of political dispute in the UK over the last half century. The authors charted the conflicts over the appropriate role for the law in this area from 1945 to the fall of Mrs Thatcher in 'Labour Legislation and Public Policy'. This volume brings that history up to date. Davies, P. L.; Freedland, M. R.
