Ugly Americans: The True Story of the Ivy League Cowboys ...

Ugly Americans: The True Story of the Ivy League Cowboys Who Raided the Asian Markets for Millions is a book by Ben Mezrich that recounts the exploits of an American called John Malcolm arbitraging index futures in Japan in the 1990s. The book was released on May 4, 2004 by William Morrow and Company. By 2008 Kevin Spacey's Trigger Street Productions has the film rights to the book.

Ugly Americans (book) - Wikipedia

Ugly Americans documents the "Wild East" of the mid-1990s, where young, brilliant, and hypercompetitive traders became "hedge fund cowboys," manipulating loopholes in an outdated and inefficient Asian financial system to rake in millions. Using a concept called arbitrage, they made their fortunes mainly on minute shifts in stocks being sold on the Nikkei, the Japanese stock market, collapsing ...

Ugly Americans - Ljudbok - Ben Mezrich - Storytel

Ugly Americans is the true story of John Malcolm, a Princeton graduate who traveled halfway around the world in search of the American dream and pulled off a trade that could be described as the biggest deal in the history of the financial markets.

Ben Mezrich, author of the New York Times bestseller *Bringing Down the House*, returns with an astonishing story of Ivy League hedge-fund cowboys, high stakes, and the Asian underworld. John Malcolm was the ultimate gunslinger in the Wild East, prepared to take on any level of risk in making mind-boggling sums of money. He and his friends were hedge-fund cowboys, living life on the adrenaline-, sex-, and drugs-fueled edge—kids running billion-dollar portfolios, trading information in the back rooms of high-class brothels and at VIP tables in nightclubs across the Far East. Malcolm and his Ivy League-schooled twenty-something colleagues, with their warped sense of morality, created their own economic theory that would culminate in a single deal the likes of which had never been seen before—or since. *Ugly Americans* is a story of extremes, charged with wealth, nerve, excess, and glamour. A real-life mixture of *Liar's Poker* and *Wall Street*, brimming with intense action, romance, underground sex, vivid locales, and exotic characters, *Ugly Americans* is the untold true story that rocked the financial community.

The ineffectual Ambassador is just one of the handicaps facing the Americans as Southeast Asia becomes increasingly involved with Communism

Recounts the story of how a notorious gang of MIT blackjack savants devised and received backing for a system for winning at the world's most sophisticated casinos, an endeavor that earned them more than three million dollars. Originally published as *Bringing Down the House*. Reissue. (A Columbia Pictures film, written by Peter Steinfeld & Allan Loeb, directed by Robert Luketic, releasing March 2008, starring Kevin Spacey, Kate Bosworth, Laurence Fishburne, Jim Sturgess, & others) (Current Affairs)

From the author who brought you the massive New York Times bestseller *Bringing Down the House*, this is the startling rags-to-riches story of an Italian-American kid from the streets of Brooklyn who claws his way into the wild, frenetic world of the oil exchange. After conquering the hallowed halls of Harvard Business School, he enters the testosterone-laced warrens of the Merc Exchange, the asylumlike oil exchange located in lower Manhattan. A place where billions of dollars trade hands every week, the Merc is like a casino on crack, where former garbagemen become millionaires overnight and where fistfights break out on the trading floor. This ordinary kid has traded Brooklyn for the gold-lined hotel palaces of Dubai. He keeps company on the decks of private yachts in Monte Carlo—teeming with half-naked girls flown in by Saudi sheiks—and makes deals in the dangerous back alleys of Beijing. But the Merc is just a starting place. Taken under the wing of another young gun and partnering with a mysterious young Muslim, the kid embarks on a dangerous adventure to

revolutionize the oil trading industry—and, along with it, the world. Rigged is the explicit, exclusive, true story behind the headlines that dominate the world stage.

From the bestselling author of *The Accidental Billionaires* and *Bringing Down the House*, this is the incredible true story of how a college student and two female accomplices stole some of the rarest objects on the planet—moon rocks—from an "impregnable" high-tech vault. But breaking into a highly secure laboratory wasn't easy. Thad Roberts, an intern in a prestigious NASA training program, would have to concoct a meticulous plan to get past security checkpoints, an electronically locked door with cipher security codes, and camera-lined hallways even before he could get his hands on the 600-pound safe. And then how was he supposed to get it out? And what does one do with an item so valuable that it's illegal even to own? With his signature high-velocity style, Mezrich reconstructs the outlandish heist and tells a story of genius, love, and duplicity that reads like a Hollywood thrill ride.

“ Enthralling. . . . Lying and stealing and invading, it should be said, make for captivating reading, especially in the hands of a storyteller as skilled as Anderson. ” —The New York Times Book Review A NEW YORK TIMES NOTABLE BOOK OF THE YEAR At the end of World War II, the United States was considered the victor over tyranny and a champion of freedom. But it was clear—to some—that the Soviet Union was already seeking to expand and foment revolution around the world, and the American government ' s strategy in response relied on the secret efforts of a newly formed CIA. Chronicling the fascinating lives of the agents who sought to uphold American ideals abroad, Scott Anderson follows the exploits of four

spies: Michael Burke, who organized parachute commandos from an Italian villa; Frank Wisner, an ingenious spymaster who directed actions around the world; Peter Sichel, a German Jew who outwitted the ruthless KGB in Berlin; and Edward Lansdale, a mastermind of psychological warfare in the Far East. But despite their lofty ambitions, time and again their efforts went awry, thwarted by a combination of ham-fisted politicking and ideological rigidity at the highest levels of the government. Told with narrative brio, deep research, and a skeptical eye, *The Quiet Americans* is the gripping story of how the United States, at the very pinnacle of its power, managed to permanently damage its moral standing in the world.

The bestselling author of *The Accidental Billionaires* and *The 37th Parallel* tells the fascinating Jurassic Park-like story of the genetic restoration of an extinct species—the woolly mammoth. “Paced like a thriller...Woolly reanimates history and breathes new life into the narrative of nature” (NPR). With his “unparalleled” (Booklist, starred review) writing, Ben Mezrich takes us on an exhilarating and true adventure story from the icy terrain of Siberia to the cutting-edge genetic labs of Harvard University. A group of scientists work to make fantasy reality by splicing DNA from frozen woolly mammoth into the DNA of a modern elephant. Will they be able to turn the hybrid cells into a functional embryo and potentially bring the extinct creatures to our modern world? Along with this team of brilliant scientists, a millionaire plans to build the world’s first Pleistocene Park and populate a huge tract of the Siberian tundra with ancient herbivores as a hedge against an environmental ticking time bomb that is hidden deep within the permafrost. More than a story of genetics, this is a thriller illuminating the real-life race against global warming, of the incredible power

of modern technology, of the brave fossil hunters who battle polar bears and extreme weather conditions, and the ethical quandary of cloning extinct animals. This “ rollercoaster quest for the past and future ” (Christian Science Monitor) asks us if we can right the wrongs of our ancestors who hunted the woolly mammoth to extinction and at what cost?

From an award-winning New York Times reporter comes the full, mind-boggling true story of the lies, crimes, and ineptitude behind the Enron scandal that imperiled a presidency, destroyed a marketplace, and changed Washington and Wall Street forever. It was the corporate collapse that appeared to come out of nowhere. In late 2001, the Enron Corporation—a darling of the financial world, a company whose executives were friends of presidents and the powerful—imploded virtually overnight, leaving vast wreckage in its wake and sparking a criminal investigation that would last for years. Kurt Eichenwald transforms the unbelievable story of the Enron scandal into a rip-roaring narrative of epic proportions, taking readers behind every closed door—from the Oval Office to the executive suites, from the highest reaches of the Justice Department to the homes and bedrooms of the top officers. It is a tale of global reach—from Houston to Washington, from Bombay to London, from Munich to Sao Paolo—laying out the unbelievable scenes that twisted together to create this shocking true story. Eichenwald reveals never-disclosed details of a story that features a cast including George W. Bush, Dick Cheney, Paul O ’ Neill, Harvey Pitt, Colin Powell, Gray Davis, Arnold Schwarzenegger, Alan Greenspan, Ken Lay, Andy Fastow, Jeff Skilling, Bill Clinton, Rupert Murdoch and Sumner Redstone. With its you-are-there glimpse into the secretive worlds of corporate power, Conspiracy of Fools is an all-true

financial and political thriller of cinematic proportions.

From the New York Times bestselling author of *The Accidental Billionaires* and *Bringing Down the House*—the sources for the films *The Social Network* and *21*—comes the larger-than-life true tale of a group of American college buddies who brilliantly built a billion-dollar online poker colossus based out of the hedonistic paradise of Costa Rica. One problem: the U.S. Department of Justice was gunning for them. . . . Based on extensive insider interviews and participation, acclaimed author Ben Mezrich's *Straight Flush* tells the captivating rags-to-riches tale of a group of University of Montana frat brothers who turned a weekly poker game in the basement of a local dive bar into *AbsolutePoker.com*, one of the largest online companies in the world, on par with some of the behemoths of the Internet. At its height, *Absolute Poker* was an online empire earning more than a million dollars a day, following savvy business strategy and even better luck. Its founders set up their operations in the exotic jungle paradise of Costa Rica, embracing an outrageous lifestyle of girls, parties, and money. Meanwhile, the gray area of U.S. and international law in which the company operated was becoming a lot more risky, and soon the U.S. Department of Justice had placed a bull's-eye on *Absolute Poker*. Should they fold—or double down and ride their hot hand? Impossible to put down, *Straight Flush* is an exclusive, never-before-seen look behind the headlines of one of the wildest business stories of the past decade.

From Ben Mezrich, the New York Times bestselling author of *The Accidental Billionaires* and *Bringing Down the House*, comes *Bitcoin Billionaires*--the fascinating story of brothers Tyler

## Download File PDF Ugly Americans The True Story Of The Ivy League Cowboys Who Raided The Asian Markets For Millions

and Cameron Winklevoss's big bet on crypto-currency and its dazzling pay-off. Ben Mezrich's 2009 bestseller *The Accidental Billionaires* is the definitive account of Facebook's founding and the basis for the Academy Award–winning film *The Social Network*. Two of the story's iconic characters are Harvard students Tyler and Cameron Winklevoss: identical twins, Olympic rowers, and foils to Mark Zuckerberg. *Bitcoin Billionaires* is the story of the brothers' redemption and revenge in the wake of their epic legal battle with Facebook. Planning to start careers as venture capitalists, the brothers quickly discover that no one will take their money after their fight with Zuckerberg. While nursing their wounds in Ibiza, they accidentally run into an eccentric character who tells them about a brand-new idea: cryptocurrency. Immersing themselves in what is then an obscure and sometimes sinister world, they begin to realize “crypto” is, in their own words, “either the next big thing or total bulls--t.” There's nothing left to do but make a bet. From the Silk Road to the halls of the Securities and Exchange Commission, *Bitcoin Billionaires* will take us on a wild and surprising ride while illuminating a tantalizing economic future. On November 26, 2017, the Winklevoss brothers became the first bitcoin billionaires. Here's the story of how they got there—as only Ben Mezrich could tell it.
