Lane's "Venice. A Maritime Republic" is mostly an economic and naval history of La Serenissima, with some (disappointing) information on the visual arts. The technical chapters about ships and trade routes may scare the amateur reader, but Lane is very good at avoiding any information overload, and he is particularly proficient at explaining complex issues in a clear way.

The High Middle Ages would see Venice as a maritime power in the sea as well as in the rivers (Lane 1-2). Throughout the Middle Ages and all the way until 1797, while constantly dealing with the difficulties of piracy and land-reclamation, Venice managed to keep a republic government, even while surrounded by monarchies, which is one of the reasons why Venice was renowned for its government stability (Lane 423).

a. ^ Paolo Lucio Anafesto is traditionally the first Doge of Venice, but John Julius Norwich suggests that this may be a mistake for Paul, Exarch of Ravenna, and that the traditional second doge Marcello Tegalliano may have been the similarly named magister militum to Paul. Their existence as doges is uncorroborated by any source before the 11th century, but as Norwich suggests, is probably ...

The Venetian navy was the navy of the Venetian Republic, and played an important role in the history of Venice, the Republic and the Mediterranean world. The premier navy in the Mediterranean for many centuries, from the medieval to the early modern period, it gave Venice a control and influence over trade and politics in the Mediterranean far in excess of the size of the city and its population. It was one of the first navies to mount gunpowder weapons aboard ships, and through an organised sys
