Non-verbal reasoning is an umbrella term that covers a wide range of psychometric ability tests such as inductive, logical, abstract, diagrammatic and spatial reasoning. The term is used to indicate that verbal competency is not necessary for, or assessed by, the test. Because of this, the tests are seen as particularly effective for international assessment, as candidates speaking a wide range of languages are able to access the same test material.

cognitive deficits in terms of problem-solving may be a key factor in understanding why some individuals overcome their communication difficulties better than others. Failure to recognise problem-solving difficulties may lead to unrealistic expectations of therapeutic intervention and thus inappropriate management and goal setting. The BNVR requires the client to solve 10 everyday problems, presented in full-colour photographic format. It is short, requires minimal linguistic input, contains real-life situations and is likely to be suitable for non-English speaking individuals. It will be useful to speech language therapists, occupational therapists and psychologists who need to ascertain whether problem-solving skills are affected and to assist in multi-disciplinary team decision-making in acute and rehabilitation settings.

The Non-Verbal Ninja Training Course Non-verbal reasoning questions in the 11+ exam provoke anxiety amongst students and parents alike, since the test seems, at first, to be unlike the activities of normal everyday life. In reality, however, it is straightforward to train to improve one's performance in these puzzles. The Non-Verbal Ninja Training Course from Eureka! Eleven Plus Exams is a three-part series of training books with several features to maximise the skill boost they provide to students. Full explanations are given immediately after each block of questions Visual explanations are provided where these are easier to understand The early questions of each type are easy, testing only one or two rules Challenging, broad-ranging questions are soon introduced Each question teaches an additional skill or reinforces a core skill You are not told in advance exactly what the rule will be, so you build confidence in identifying the rule for yourself - a crucial skill for exam success The series of books, studied in sequence, covers the spectrum of types of format of questions and of the types of rule being tested. Some rules can be tested in many different settings. Dedicated practice and, more importantly, careful review of the explanations of questions that turned out to be difficult, is the key to success in Non-Verbal Reasoning.
