Editor's Choice - The Bookseller This, the first colouring book from VOGUE, has been created by award-winning writer, fashion editor, curator and Royal College of Art Professor, Iain R Webb. The hand-drawn artworks are inspired by iconic images from British VOGUE in the 1950s - an era of hats and matching gloves, haughty elegance and hourglass silhouettes (a period that continues to inspire contemporary designers including Miuccia Prada and Dolce & Gabbana). The book features a glamorous dream wardrobe of luxurious ballgowns and soigné cocktail dresses, smart suits and dramatic accessories by key designers including Christian Dior, Balenciaga, Givenchy and Chanel. The accompanying captions offer fashion and style tips (often highly amusing in hindsight) and are taken from the original pages of VOGUE. The 690 artworks can be coloured in in the spirit of the original images that inspired them or embellished with whatever colours and patterns take the reader's fancy. The colouring book is the perfect present for all those who love vintage fashion and will be published in time for VOGUE's centenary celebrations in 2016, which begin with a major exhibition at the National Portrait Gallery.

This densely illustrated, hands-on guide to diesel engine maintenance, troubleshooting, and repair renders its subject more user-friendly than ever before. Finally, boatowners who grew up with gas engines can set aside their fears about tinkering with diesels, which are safer and increasingly more prevalent. As in other volumes in the International Marine Sailboat Library, every step of every procedure is illustrated, so that users can work from the illustrations alone. The troubleshooting charts in the second chapter--probably the most comprehensive ever published--are followed by system-specific chapters, allowing readers to quickly diagnose problems, then turn to the chapter with solutions. Diesel engine systems covered include: mechanical; oil; fresh- and raw-water cooling; low- and high-pressure fuel; exhaust; starting; charging; transmission and stern gear.
